1889.

NOTICE.

For many years I have been engaged collecting all the really good and rare plants—Anthuriums, Alocacias, Dracenas, Crotons, &c., and other fine foliage plants are largely grown. To these have been annually added all novelties of merit as they appear. The collection at this time of fine Greenhouse and Hothouse plants is one of the richest in the United States.

The prices at which some of the new plants are offered, may appear high to persons unacquainted with the importation of these articles. For such I have to pay high prices in Europe, adding freight, risks, &c., to justify which when first offered, the price should be proportionate—though I make it at the lowest possible rates, and as stock increases the price is reduced. Older and standard varieties are offered at my usual very moderate rates.

The description of the new plants are those of the parties who sent them out.

When selections are left to me, the very finest varieties will be sent, and the most vigorous plants.

After over thirty years' experience in packing and forwarding plants to distant countries, I flatter myself I can pack both economically and safely for any distance.

No charge is made for boxes or packing.

Plants, Bulbs, &c., at the single rate, will be mailed free; but when ordered by the dozen or hundred, the single price or a sufficient amount must be remitted to cover postage. On their reception they should be potted and placed in a frame or greenhouse to recover the effects of the journey. To Florists and Nurserymen who wish new plants, the mail offers the greatest facility for obtaining such, as they know how to care for them on their arrival. Amateurs who have no means of caring for plants after a journey through the mail, as well as all persons requiring a considerable quantity of plants of a larger size, had better have their orders by express. If left to me I will forward in such a way as I deem best for the purchaser.

In all orders by express, good plants are added in proportion to the value of the order or distance. Persons getting up clubs will be liberally rewarded with choice plants in proportion to the amount remitted.

Orders intended for mailing should be accompanied with a remittance; not less than \$1.00 worth sent in each order.

I decline sending goods long distances C. O. D.

In making out orders, keep plants and seeds separate—it saves us much time at our busy season.

Write your name plainly; give post-office, county and State, whenever you write, no matter how frequently.

In all letters of inquiry, it is well to leave a blank space between each question for an answer; this facilitates a reply in the busy season, when my correspondence is very heavy.

Please use the order sheet, or in a list apart from the body of the letter. This much facilitates business and prevents errors. In making out orders please affix prices, that I may know the size of plants required.

Customers who fail to receive a catalogue in due time, will please inform us of the same, that a copy may be sent, as catalogues are frequently lost in the mails.

This catalogue annuls prices in all former issues.

JOHN SAUL.

NEW, RARE AND BEAUTIFUL PLANTS.

NEW ROSES.

	Each.		Each.
DUCHESS OF ALBANY , (H. T.), this beautiful Novelty is in the way of La France; more expanded in form and larger in size. Flowers deep pink, very large and full, highly perfumed and in all respects of first quality.....	50	GLOIRE DE MARGOTTEN , (H. P.), dazzling scarlet, the most brilliant yet known, large, full and finely formed; exceedingly vigorous and free blooming. Recommended as a forcing rose.....	50
DUCHESS OF LEEDS , (H. T.), a new rose raised from La France, but many shades deeper in color, which is on the reverse side of the petals; the habit and foliage is similar, more profuse in blooming. The buds when opening are long, pointed and exquisitely shaped.....	1 00	SIR ROWLAND HILL (H. P.), "this magnificent new rose is of a deep rich port wine color, shaded with blackish maroon, and changing to a bright ruby claret; the flowers are very large and finely shaped; very sweet scented, a fine autumnal bloomer, vigorous, one of the darkest roses yet raised.".....	75
MADAME HOSTE , (Tea), yellowish white, with deep buff yellow centre, large and full, well formed with stout petals; a very promising forcing rose.....	50	V. VIVIAND MOREL , (Tea), rich crimson shaded with dark red and carmine, large and full, beautiful in bud.....	50

For other New Roses see Catalogue 5.

NEW REGAL PELARGONIUMS.

This name is applied to that magnificent group of Pelargoniums the flowers of which are of large size, very rich and showy; a few are double, and although the others are not really double, yet from their fulness of form and the extra number of petals, they have the appearance of being so.

*Pelargonium, Alexandre de Napadiewicz , a fine flower of a salmon-carmine color, margined with white; upper petals blotched with maroon; large white centre.....	40	Pelargonium, Guelphs et Gibelens , lavender shaded lilac flowers, much fringed, and spotted with deepest purple; a lovely variety.....	40
Beauty of Oxtou , the upper petals are of a very rich maroon, darkly blotched; under petals very dark crimson, shaded with maroon; light centre; all the petals margined with white and beautifully fringed.....	50	*George Sand , very beautiful, semi-double flowers, in large umbels; porcelain white.....	50
*Carnaval , a grand flower, white, picotee with carmine, black blotches with enormous trusses.....	40	Gloire du Tours , flowers of a bright vermillion, with light centre and edges; upper petals blotched with blackish maroon.....	50
*Cascade , pure white striped; a beautiful double flower.....	40	*Karl Klein , a splendid variety, producing very bright red flowers darkly spotted; extremely showy.....	40
*Denise , a large and very beautiful double white flower; very fine.....	40	Madame Evard , a most distinct variety; the flowers are very full, with beautiful crispy petals of an exceedingly bright purplish crimson color, richly spotted with dark maroon.....	40
Dr. Masters , a splendid variety. The trusses are large and in great profusion; it is semi-double, the upper petals having large black blotches in the centre, with a narrow margin of rich crimson, the lower petals having a smaller blotch.....	40	*Miss Lily Cannell , a very pretty flower; crimson-scarlet petals shaded with rosy purple and edged with white, light centre.....	40
*Duchess of Albany , a profusion of fine trusses of beautifully fringed flowers, of a soft purplish violet color, slightly shaded crimson and margined with lavender-rose; the upper petals blotched and feathered maroon.....	40	*Mad. Pape-Carpantier , a very beautiful white flower of fine habit and free flowering; semi-double.....	40
Duchess of Bedford , one of the most useful. Its blossoms are of the purest white, prettily fringed, with a feathered spot of delicate rose in the upper petals.....	40	Mad. Bouchariat , a variety with truly semi-double white flowers; a chaste and handsome flower.....	40
*Duke of Albany , deep rich crimson maroon, margined with rosy lake; light centre surrounded with violet-rose shading; all the petals beautifully undulated and fringed; extremely showy and attractive.....	40	Madame Thibaut , white, richly blotched and marbled with rose; the upper petals marked with crimson-maroon; large white centre; immense trusses of very large fine flowers, with undulated petals.....	40
Elegantissimum , a beautiful variety, with large crispy semi-double flowers, of a rich vermillion color, all the petals broadly margined with white.....	40	Maid of Kent , an attractive variety of neat dwarf habit and extremely free blooming; the flowers are pure white, with bright rose-colored spots on all the petals, which are beautifully undulated and fringed.....	40
Empress of India , white penciled with violet-rose, petals beautifully undulated and frilled; very beautiful.....	40	*Prince of Teck , rich deep crimson, shaded with violet; upper petals blotched and feathered with dark blackish maroon; centre shaded with violet.....	40
		*Princess Beatrice , upper petals crimson-lake, blotched with maroon and margined with white, under petals bluish white; a large and full flower, the petals being beautifully undulated and fringed.....	40

	Each.		Each.
Pelargonium, Princess of Wales , very handsome, with elegant frilled petal margins, trusses large size, ground color pure bluish, each petal alike marked with a rich dark velvet crimson-scarlet margined blotch.....	40	*Pelargonium, Rose et Blanche , large, grand flowers, white and rose, distinct and beautiful.....	40
Queen Victoria , the flowers of this handsome variety have peculiarly crispy petals of a rich vermilion color, margined with pure white, the upper ones blotched with maroon; extremely attractive.....	50	*Sultan , carmine-lake, the upper petals blotched with maroon; light centre. shaded with soft violet-rose; all the petals slightly undulated; a very pretty flower.....	40
Theophrasta , a very beautiful Pelargonium flowers double crimson, freely produced; a very desirable variety.....	40	*Volonte Nationale Album , a sport from the well-known favorite <i>Volonte Nationale</i> , with large and beautifully fringed flowers of the purest white.....	40
		Ville de Caen , a very novel variety, of a scarlet-maroon color; very large pips.....	40

PELARGONIUMS.—New Varieties, Fringed, Striped, and Show Flowers.

Pelargonium, Adventurer , maroon spot on top petals; narrow rose edge, rose lower petals, white centre; large and fine form.		Pelargonium, La Nation , a very beautiful white flower, fine habit, free bloomer.	
Amazone , large, beautiful form; color rich carmine, with a white centre; a showy and lovely flower.		Madame Gustave Henri (Lem.) , rosy-carmine, with a white centre, deep purple blotch; large umbels, neat compact habit and free bloomer. A very lovely flower.	
Arbaces , a very attractive flower of a bright rosy-purple color, with light margin; the upper petals blotched and feathered with dark crimson.		Mad. Harmant , beautiful trusses of pure white flowers.	
Belle de Jour (Lem.) , this beautiful Pelargonium has flowers of the purest white, semi-double, produced on stiff, erect stems most profusely, fine habit. A grand plant.		Madelina , upper petals blotched with maroon, surrounded with fiery crimson and edged with bright rose; under petals rosy-lake; pure white centre; a fine flower.	
Bizarre , beautiful rose, carmine striped with white, upper petals spotted, beautiful form.		Malcom , upper petals rosy-pink, blotched with maroon; under petals soft rosy-pink, spotted with deep crimson.	
Cymba , upper petals dark crimson, surrounded with bright crimson and edged with rose; under petals rose, blotched and feathered with crimson; light centre; a fine, large, well-formed flower. NEW DWARF OR MINIATURE ZONALE GERANIUMS.

Geranium, Compte de Flandre , very effective double flowers, delicate rose, shaded with bright red; very floriferous.		Geranium, Comte d'Hainault , an exceedingly dwarf and pretty variety, producing a profusion of double rosy purple flowers.	
Comtesse de Flandre , charming large double flowers of a beautiful rosy-scarlet color; very neat and pretty.		Reine Marie Henriette , single rose colored flowers of perfect shape; a free grower.	
Princess Stephanie , an exceedingly dwarf variety; color lilac-pink, very free flowering.		Souvenir de Louis Van Houtte , beautiful double carmine-rose flowers; very floriferous.	

Price 15 cents each. The set of 6 for 75 cents.

NEW PLANTS.

*TECOMA MACKENII.—Rosea.

A remarkably handsome plant from South Africa. It has opposite pinnate leaves, and bears magnificent racemes, three to four feet in length, of large showy trumpet-shaped flowers, which are of a rosy lilac color. This beautiful plant can scarcely be too strongly recommended as a handsome showy climber. \$1.50 each. Plants ready in April.

*ARALIA NOBILIS.

A very beautiful new species, with large entire leaves. A noble decorative plant. \$1.50 each.

*BEGONIA LUBBERSII.

Leaves elongated and narrow, deep green spotted with white; flowers large, white, faintly tinted with pale rose. Received first prize at the Ghent Show the past spring. \$1 each. Ready in April.

***HYDRANGEA PEKINENSIS.**

A new and beautiful *Hydrangea* from Peking, very distinct, will form a desirable addition to our shrubs as quite hardy. \$1 each. Ready in April.

HYDRANGEA STELLATA FIMBRIATA.—Fringed White Hydrangea.

The flowers are formed in immense trusses, of the purest white, fringed, having a crimson spot in the centre. 50 cents each.

***SPHÆRALCEA UMBELLATA TRICOLOR.**

A plant similar to an *Abutilon*, with large woolly foliage, flowers in umbels, color reddish-purple, striped with white and rose. A very beautiful new plant. \$1 each.

***CLERODENDRON DELECTUM.**

A handsome new *Clerodendron* in the style of *Balfouri*; very free flowering, calyx white, corolla rose-magenta. \$1 each. Ready in April.

***BEAUMONTEA GRANDIFLORA.**

An old but beautiful plant. Each flower six inches in length by four inches across the corolla; the tube of the flower is yellowish-green outside; upper part of the corolla pure white. They are produced in crowded clusters. The leaves are a foot in length by four inches broad, of a shining deep green. A noble tropical climber. \$1.00 each.

***MUSA COCCINEA.**

A rare and good old plant, of dwarf habit. A free bloomer; flowers scarlet. \$1.50 each. Ready in May.

***NEW BOUVARDIAS.**

	Each.		Each.
* <i>Bouvardia</i> , Etna, a fine double flower; rich vermilion.....	1 00	<i>Bouvardia</i> , President Cleveland, this far surpasses in richness all others of the genus, the color being rich velvety-scarlet. Few scarlet Geraniums are brighter than this.....	50
* <i>Flavescens flora pleno</i> , double flowers of sulphur-yellow.....	1 00		
* <i>Lutea flora pleno</i> , flowers double; a pale yellow, passing to white; a very fine variety.....	1 00		

The three new double ready in April.

***PHILODENDRON ANDREANUM.**

A striking Aroid, discovered by M. André, of Paris, in New Granada; it is by far the finest species of *Philodendron* for decorative purposes ever brought under cultivation. Its stately foliage when fully developed may be compared, for size and effectiveness, with that of *Anthurium Veitchii* and *A. Warocqueanum*.

The cordiform-lanceolate leaves are deflected vertically from a robust erect foot-stalk, and attain a length of four to five feet. When first expanded on the young plant, they are of a decided scarlet tinge shaded with brown, when a little older they become a bronzy red-brown before finally changing to the normal bright velvety-green of the mature leaves. Through all these changes, the colors are relieved and enhanced by the white midrib and nerves that branch from it. \$1.50 each.

***SCHUBERTIA GRANDIFLORA.**

A new plant of great merit, destined to take a prominent position as one of the best novelties introduced for many years. It flowers profusely in clusters, shape of the *Allamanda*, pure white, deliciously scented, and lasting a long time in water; flowers large and of good substance. For cut blooms and decorative purposes it is unique; the culture most simple in the ordinary greenhouse. \$1.50 each.

NEW APHELANDRAS.

	Each.		Each.
* <i>Aphelandra</i> , Chrysops, one of the most handsome species yet introduced, producing a grand golden inflorescence a foot in length, composed of four rows of compound ovate pointed bracts, proceeding from which are its flowers, which are of the same bright yellow color. To add to its beauty, this plant has also striking variegated leaves, thus combining two attractive qualities, and rendering it one of the most desirable of ornamental plants. The leaves		are of a motley green, the variegation consisting of the principal veins being of a creamy white color.....	1 50
		* <i>Aphelandra</i> , Margaritæ, a beautiful plant of dwarf habit, leaves lanceolate-acute, dark green with a stripe of white along the course of the veins, dark rosy-purple beneath, flaking spikes short; flowers brilliant orange-vermillion.....	1 50

LOBELIA CAVANILLESII.

A very showy species. One of the principal merits of this *Lobelia* is the beautiful and in this tribe unknown coloring of the flowers, the tube being brilliant scarlet with orange-yellow lips. Being most free-blooming and easily cultivated, it is equally desirable when grown as a pot plant or planted out. 25 cents each.

***REINWARDTIA TETRAGYNE.**

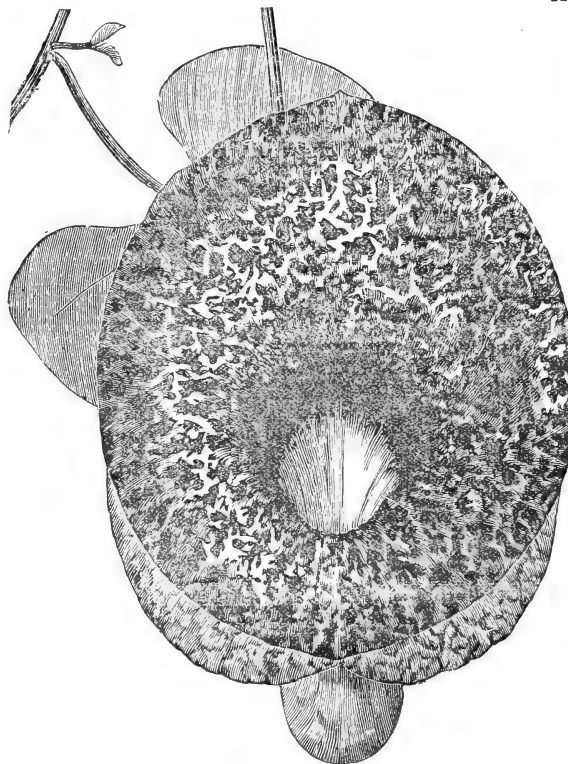

A very beautiful greenhouse plant, with golden-yellow flowers, which are produced freely during winter. It is similar to that good plant *Linum Trigynum*. \$1.00 each.

***ERANTHEMUM MACROPHYLLUM.**

A very desirable winter-flowering stove plant. Its pretty light blue flowers are borne in terminal and axillary spikes. The lower petal or lip extends horizontally and is of a deep bright blue, forming a pleasing contrast to the celestial blue of the upper petals. Blooming as it does in the winter, when flowers are so scarce, this will be found a welcome addition to our stoves. It is very free flowering and of good habit. 25 cents.

***ALOCASIA SANDERIANA.**

A remarkably handsome and truly grand Arad, and one of the finest stove plants. It has erect petioles, which are brownish-green and striately mottled; on the young leaves the color is bright glossy green, and on the older leaves the surface has a metallic blue reflection. The leaf-blade is arrow-shaped, the front portion with about three triangular lobes on each side, the basal portion with one or two smaller lobes; the thick costa and the stout cross veins are white, conspicuously bordered with ivory-white, the margins also being white. This is certainly the most beautiful of all the Alocasias, and a most magnificent foliage plant. \$2.50 each.

**ARISTOLOCHIA ELEGANS.****ARISTOLOCHIA ELEGANS.**

A beautiful free-flowering species of neat growth, imported from Brazil. The handsome and elegant flowers are borne on long stalks and have a slightly distended tube, which is suddenly bent upwards into a cordate cup-shaped limb of a rich dark purple, ornamented throughout with irregular branched markings of a creamy-white, and having a golden-yellow eye surrounded by rich velvety-purple. Its blossoms are produced in the richest profusion, even on small plants, and are entirely free from the objectionable odor peculiar to the genus. 50 cents.

IMPATIENS HAWKERII.

A more lovely flowering plant than this new species it would be difficult to imagine. The magnificent flowers are very large, flatly expanded, and of the most brilliant rich deep carmine color. This is relieved by a lustrous bluish tinge round the small white eye. The handsome flowers of this superb new Impatiens are produced in the greatest profusion from March until October. 25 cts.

***AMASONIA PUNICEA.**

"The inflorescence is very brilliant, being particularly striking from having a series of the richest vermilion-crimson Poinsettia-like bracts, the lowermost of which are four inches long, are very persistent, remaining in perfection two months. From the base of each bract are produced pendulous flowers, in twos and threes of a creamy-white color. \$1.00.

***PLUMBAGO CAPENSIS
ALBA.**

A pure white variety of the beautiful *P. Capensis*, equally free in growth and profusion of flower. 50 cents each.

***NEW PASSIFLORAS.**

	Each.		Each.
* <i>Passiflora</i> , <i>Acerifolia</i> , maple leaved, a new and beautiful <i>Passiflora</i>	50	* <i>Passiflora</i> , <i>Hahnii</i> , this is a very distinct and beautiful variety of <i>Passion-flower</i> . It is a native of Mexico and is a tree growing, temperate stove-climber. The flowers are about three inches across, of a creamy white, with a yellowish corona, and are produced in great profusion.....	50
<i>Constance Elliott</i> , pure ivory-white flowers, without a trace of the bluish tinge peculiar to the type; inner surface of the sepals and petals is white; the coronal threads being ivory-white, tinged with yellow, hardy.....	25	* <i>Tacsonia Jamesonii</i> , flowers of a rich rose, a distinct and very beautiful <i>Passion-flower</i>	50
* <i>Prof. Eichler</i> , a hybrid between <i>Loudonii</i> and <i>Prinsepis</i> , bright scarlet.....	50	* <i>Parrizæ</i> , flowers rich orange, sepals rosy orange; very distinct.....	50
* <i>Violacea</i> , a very beautiful new <i>Passion-flower</i> , flowers of a lovely violet-blue, filaments white, anthers yellow, free flowering and fragrant....	50		

***ASTILBA THUBERGII.**

A new hardy perennial from Japan; produces during summer long panicles of pure white flowers in great profusion. 75 cents each.

***IPOMŒA THOMSONIANA.**

A beautiful new species, in habit much resembling the well-known *I. Horsfallæ*. The flowers, however, which are borne in clusters, are pure white and much larger, being about three inches in diameter at the mouth. It has thick fleshy leaves, and from its free blooming character cannot fail to become one of the most popular and useful of stove-house climbers. Flowers profusely during winter. \$1.00.

***SPIRÆA ASTILBOIDES.**

One of the most handsome of hardy herbaceous perennials, which has been certificated both by the Royal Horticultural and Royal Botanic Societies on account of its great merit. The stems grow from two to three feet high, and are terminated by compound feathery branches of elegant white flowers. It is a charming plant on account of its free growth and beautiful flowers, which are produced in the greatest profusion. 75 cents.

***IBERIS SEMPERVIRENS PLENO.**

There can be nothing prettier than the double white Candytuft for edging, beds, borders, rockworks, &c., and it is of particular value to the Florist. The flowers form a close bouquet of the purest white, and cover the dwarf, compact and beautifully rounded bush. The plant is well adapted for pot-culture, but its beauty will be more perfectly developed if planted out in the garden. The flowers appear in great profusion from April until June. 30 cents.

***NEW ANTHURIUMS.**

	Each.		Each.
* <i>Anthurium, Andreamum</i> , the flower-spathes, which are borne well above the foliage, are heart-shaped and of a most brilliant scarlet color, the surface irregularly corrugated and traversed by deep sinuous veins, the spadix ivory-white at the base and greenish-yellow to the tip. It is an extremely attractive plant, and the individual flowers remain in perfection about three months, thus rendering it highly valuable for exhibition.....	2 50	stout and erect, attaining a length of twenty-four to thirty inches. The spathe, which is remarkably showy and attractive, is of cordate form, five to six inches across, of a bright rosy-carmine, without any of the reticulated corrugations characteristic of <i>A. Andreamum</i> . The spadix is about five inches long, ivory-white to two-thirds of its length, with the upper third fawn color.....	2 50
* <i>Carneum</i> , a handsome and attractive new hybrid, between <i>Anthurium Ornatum</i> and <i>A. Andreamum</i> . The spathe is heart-shaped, from six to seven inches long and five to six inches broad, and is of a charming rosy-carmine color. Of vigorous growth, this splendid variety freely produces its grand flowers, each spathe remaining in beauty several months, thus rendering it of the greatest value for decorative purposes.....		* <i>Anthurium, Veitchii rubra</i> , an extremely handsome hybrid, between <i>A. Veitchii</i> and <i>A. Andreamum</i> , with leaves resembling those of the first named. The spathe is about five inches long by three and a half inches broad, of an intense shining rich crimson. The spadix is about two thirds the length of the spathe, the basal part white. From the free manner in which the beautiful spathe is produced and the long time which they last in perfection, combined with the ornamental character of the foliage, this handsome hybrid is a most desirable acquisition.....	
* <i>Ferrierense</i> , a splendid hybrid obtained from <i>A. Ornatum</i> and <i>A. Andreamum</i> . The scape is			

***NEW YUCCAS.**

* <i>Yucca, Filamentosa Aureo-Variegata</i> , this is one of the most ornamental of Yuccas with colored foliage yet introduced. It is distinguished from the normal form by the middle portion of the leaves being marked with bright yellow longitudinal bands. It will prove a		valuable addition to the list of foliage plants for the decoration of the conservatory and greenhouse.....	\$1.00 to 1 50
		* <i>Yucca, Pendula Variegata</i> , a very handsome variegated Yucca of free growth, quite hardy.....	\$1.00 to 1 50

***MEDINILLA CURTISII.**

A beautiful Stove plant of bushy habit. The flowers are produced in great numbers in terminal and lateral panicle cymes on flower-stalks of a beautiful coral-red. Each flower is about half an inch in diameter, and has an ivory-white calyx and a creamy-white corolla, which show to great advantage the central tuft of purple stamens.

The neat and compact habit of the plant, the profusion with which its chaste flowers are produced, and which continue in perfection for many weeks in the autumn, render this one of the most valuable plants of recent introduction. 75 cents.

AGLAONEMA PICTUM.

This is a brilliant Aroid, with a fine rounded stem. The leaves vary in form, sometimes elliptical, oblong-lanceolate, are rounded at the base and almost suddenly acuminate at the top, from 4 to 7 inches long, and 2 to 3½ in width; they are of a lovely deep velvety-green, beautifully mottled with large spots and irregular markings of a whitish-blue. The mid-rib is prominent and slightly channelled on the upper face. When it is in flower it is still more attractive. The spathe is remarkable for its curious pocket-like form. 50 cents.

CURCULIGO RECURVATA VARIEGATA.

A variegated variety of this exceedingly beautiful and graceful plant. 50 cents to \$1.00 each.

***SCHISMATOGLOTTIS LAVALLEEI.**

"In announcing this lovely plant we are convinced that it will become popular among lovers of fine-foliaged plants. It may be distinguished at a glance from all other species in cultivation. The texture of the leaf is flexible, the mid-rib is slightly prominent on the upper surface, and of a beautiful bright green, on which are scattered numerous silvery white spots, producing a most pleasing effect." \$1.00.

DRACÆNAS.

	Each.		Each.
* Dracæna, Lindenii , one of the most brilliant acquisitions recently made among fine foliaged plants. The stem is erect and simple, the leaves, which are deep green, are traversed by bands of creamy-white and yellow, handsomely variegated; a most distinct and striking variety. It is a plant which will gain a high reputation.....	2 50	* Dracæna, Massangea , centre of leaf pale yellow, green margin; a very superb and distinct variety. This superb plant, like <i>D. Lindenii</i> , will be extensively grown, as they are two of the most distinct and graceful of decorative plants.....	2 50

NEW BEGONIAS.

Begonia, Argentea guttata , a cross between <i>Olbia</i> and <i>Alba-picta</i> . A handsome plant with rich green leaves spotted with silver, a beautiful <i>Begonia</i>	75	Begonia, Eugene Vallerand , a very free flowering and fine variety.....	25
Albo-Picta , a neat and pretty species, distinct in character from all the cultivated kinds, whether species or varieties. It is shrubby in habit and of compact growth; the leaves are glossy green, freely spotted with bright silvery white.....	40	Mira , a hybrid between <i>Diadema</i> and <i>Gosensis</i> ; finely spotted foliage; a distinct and beautiful hybrid; a superb plant.....	40
Assamica , a neat-growing species from Assam. Short pale green softly hairy leaf-stalks, and oblique ovate olive-green leaves, marbled with silvery blotches above, and of a pale purplish pink beneath. The flowers are of a pinkish flesh-color.....	40	Mirabunda , "one of the most beautiful of the new <i>Begonias</i> ; a cross between <i>Diadema</i> and <i>Rex</i> . It has large nicely shaded leaves of a rich clear green, marked with large silvery dots and splashes." A splendid pot plant.....	75
Arc-en-Ciel , a lovely new variety of the <i>Rex</i> type; the marking is delicate and exceedingly beautiful.....	50	Manicata Aurea Maculata , this very beautiful <i>Begonia</i> has its fine foliage blotched and spotted with yellow, similar to the well known <i>Farfugium grande</i> , a grand foliage plant.....	50
Berthe de Chateaurocher , a very distinct and handsome variety; flowers large orange vermillion, free bloomer; one of the finest autumn and winter bloomers.....	25	Rubella , the leaf blades are of a bronzy green with a broad pale green band down the principal costa, and smaller bands of the same along the other main ribs, the whole dotted over with oblong blotches of purplish brown; the under surface is red.....	75
Bijou , a hybrid obtained by crossing <i>B. insignis</i> with <i>B. Socotrana</i> . It is of good habit, and produces its flowers all through the year, but principally in the winter. The flowers, which are of medium size, are of a beautiful bright carmine, the centre being white, very floriferous.....	50	Sceptris , this is a very handsome and distinct species, a native of Brazil. The leaves are obliquely ovate in outline, deeply lobed on one side, the lobes oblong obtuse, the veins sunk, and the raised spaces between marked with large silvery blotches, and numerous smaller dots of silvery gray. The leaf-stalks are red, this color passing up the ribs of the under surface.....	75
Compta , leaves have palish pink footstalks, remarkable for the unequal development of their two halves; the color is satiny green with a very tinge along the course of the mid-rib; this coloration with the satiny surface being of a very pleasing character.....	25	Semperflorens elegans , a very vigorous growing plant, and superb winter bloomer: color deep bright rose.....	25
Diadema , a species of incomparable beauty. The leaves are perfectly smooth and shiny; the ground is a clear green, whereon numerous white strains are scattered, without regularity, in bands.....	25	Gigantea Amelia , a fine variety, produces flowers from the axils of the leaves.....	25
Decora , a shrubby variety with dark green obliquely lanceolate leaves, profusely marked with oblong spots or dots of a silvery gray color; somewhat of the character of <i>Argyrostemma</i> , but with the spots more minute.....	25	Carminea , a beautiful variety of the two last with carmine, equally valuable as a winter bloomer or pot plant.....	25
Glorie de Sceaux , one of the finest flowering <i>Begonias</i> in cultivation, of erect growth, producing during the entire winter large flat flowers of a silky pink, contrasting well with the rich bronze green foliage.....	40	Schmidtii , flowers white during fall and winter.....	25
Olbia , a beautiful new species from Brazil.....	40	Socotrana , a species of remarkable interest, discovered in the island of Socotra. <i>B. Socotrana</i> is a plant of very neat habit, with erect stems 8 to 12 inches high, furnished with orbicular pettate leaves 4 to 7 inches in diameter, and producing a profusion of bright rose pink flowers, fully two inches in diameter. Its great recommendation is its very free blooming character, and its flowering in the depth of winter.....	30
		Teuschieri , a very free growing ornamental <i>Begonia</i> , which flowers profusely. Flowers rose colored.....	20

NEW BEGONIAS.—Rex Type.

Begonia, Arc-en-Ciel , a lovely new variety; the marking is delicate and exceedingly beautiful, 50	Begonia, Miss Bardo-Corsi	
Brongniart	Madame Henri Gache , the finest of the variegated leaved section; the middle of the leaf is of a glistening greyish-silver, shaded in a most remarkable manner with bright rosy-crimson, the margin being olive-green spotted with silver; centre rich olive-brown.....	75
Comtesse Louise Erdödy , a distinct and beautiful variety, unique in growth from any of this family. The leaf has a metallic lustre, dark silvery in the centre, shading into coppery-rose at margin, which is edged with same of deeper color.....	Regnault	
Desfontaines	Richard	
Fire King , very bright foliage.....	Siebold	
Ibis Rose	Tournefort	
Lucy Cluson	Ville de Namur , this beautiful foliaged <i>Begonia</i> is in style of <i>Louise Chretien</i> , but superior.....	40
Mad. Fanny Massange		

SELAGINELLA GRANDIS.

A handsome erect-growing species, with large, broad, recurved, grass-green fronds, much branched, the divisions half an inch broad, densely clothed with distichous, imbricating, subulate. 50 cents.

CROSSANDRA UNDULÆFOLIA.

This is a dwarf, shrubby plant, rarely exceeding a foot high. It flowers freely in the summer, and continues in bloom for several weeks. The flowers are produced successively along an erect spike 2 to 3 inches long; the corolla is bright orange-yellow tinted with rose. 50 cents.

***CIENKOWSKIA KIRKII.**

This handsome and interesting plant is a native of Eastern Tropical Africa; its blossoms are exceedingly attractive and beautiful; they are produced on a many-flowered scape, and are of a soft purplish-rose color, with a vivid golden spot in the centre. It has received a First-Class Certificate from the Royal Horticultural Society. \$1.50.

COLOCASIA NEO-GUINENSIS.

A new aroid, it is remarkable for its tufted habit, the shortness of the leaf stalks, and its short-stalked inflorescence, and the beautiful green tone of its smooth and shiny leaves, spotted with creamy white. It will form an interesting addition to collections of Aroidaceous plants, and probably may prove valuable for the embellishment of the out-door garden in summer, like *C. Esculenta*, now so much cultivated. 50 cents.

HIBISCUS CHRYSANTHUS.

A very distinct new species from Natal; very large flowers, bright deep yellow, purple eye. This beautiful plant bedded out the past summer flowered finely with me. 40 cents.

PELLONIA PULCHRA.

An exceedingly pretty trailing plant, with light green foliage marked with dark spots. A charming trailing plant. 25 cents.

IMPATIENS.

Each.	Each.
Impatiens, Sultana, a very beautiful plant from the East coast of Africa. The plant is a free grower and continuous bloomer, color of flowers a rich carmine-magenta.....	20
Impatiens, Mariana, a pretty new species, of dwarf habit, reticulated foliage.....	25

JASMINUM GRACILLINUM.

Jasminum Gracillimum is one of the most distinct in its graceful habit and in the abundance of its large sweet-scented flowers, which are also more copiously produced. It appears to be a small species, with long, very slender branches springing from low down on the stem, and curving over on all sides, weighed down by terminal globose panicles. A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white fragrant flowers. 25 cents.

BRUGMANSIA SANGUINEA.

An old but neglected plant; free luxuriant grower, with large, hairy foliage, flowers long, white, tubular, edge margined crimson. 30 cents.

ANTHURIUMS.

**Anthurium, Crystallinum*, the emerald green refulgent leaves are spotted all over with a brighter shade, and bordered by a broad silvery or rather crystal band, which surrounds the intramarginal and four secondary nerves. These dazzling white zones are so distinct and regular that they resemble a border of incrustated silver around the sections of the blade of the leaf50 cts., \$1 00 to 2 00

Floribundum, a very pretty species, of easy culture. Flowers pure white, freely produced.....50 cts. to 1 00

Regale, this is a superb ornamental foliage plant. There are several varieties of this plant. The one now offered is the finest; the leaves are heart-shaped, much lengthened out towards the apex, and rich dark velvety-green in centre.....\$1 00 to 2 00

Scherzerianum, one of the most striking and beautiful dwarf-flowering stove plants of recent introduction, producing beautiful brilliant scarlet flowers, each of which remains from two to three months in bloom. This charming and novel plant is easy of culture, and a most abundant bloomer.....\$1 00 to 2 00

Anthurium, Magnificum, the foliage of this plant is truly magnificent, a noble species with large velvet-green leaves and broad silver veins.....50 cts. to 1 00

**Veitchii*, a very handsome Aroid. The leaves are ovate-oblong, greatly elongated, attaining lengths of from 2 to 3 feet, with a breadth of less than one-third of these dimensions; with a glossy metallic surface when first expanded, becoming paler by age. The principal nerves are arched and deeply sunk, giving the surface a conspicuously waved appearance. As an exhibition or decorative plant it will always take a very high position.....\$1 00 to 2 50

Warocqueanum, a remarkable Aroid. The leaves are greatly elongated, attaining lengths of from 24 to 30 inches, with a breadth of not more than 7 or 8 inches. The ground color is a deep green of a very rich hue, with a velvety lustre and appearance, with which the light color of the midrib and veins form a pleasing contrast. To the lovers of fine foliage plants this beautiful *Anthurium* will be a most welcome acquisition.....50 cts., \$1 00 to 2 50

GLOBBA COCCINEA.

The stems are much crowded, 12 to 18 inches long, and gracefully arching on all sides, giving the plant a very elegant contour. They are furnished with deep green leaves and terminate in a dense raceme of flowers, of which the bracts are scarlet and the perianth yellow. The plant is continuously in bloom during the greater part of the year. The elegant habit of this plant, its richly-colored flowers of singular structure and their long duration, render it a most useful and interesting plant. 50 cents.

ALOCASIAS.

	Each.		Each.
* <i>Alocasia, Hybrida</i> , an exceedingly beautiful Hybrid, sent out by Messrs. Veitch & Sons. It is of free growth, with exceedingly beautiful foliage with metallic hue, in the way of <i>A. Veitchii</i> , but much finer; will make a grand specimen plant for exhibition, &c.....	\$1 00 to 1 50	<i>Alocasia, Sedeni</i> , very beautiful, between <i>A. Metaltien</i> and <i>A. Lowii</i> . The form of the leaf is perfectly intermediate between the two parents, whilst the coloring is a very striking and pleasing combination of the metallic hue of one parent, with the dark green and prominent white veins of the other. A fine foliage plant.....	50 cts. to 1 00
* <i>Jenningsii</i> , a delicate green, over which, between the principal veins, are laid heavy blotches of black, which are remarkably precise in outline and arrangement.....	25	* <i>Thibautiana</i> , a splendid foliage plant of stately and robust habit, and, without doubt, by far the finest of all <i>Alocasias</i> . For exhibition purposes it stands in the front rank among foliage plants, and in the Store it forms one of the most distinguished ornaments. A first-class certificate was awarded to it by the Royal Horticultural Society.....	\$1 00 to 1 50
<i>Lowii</i> , a very beautiful plant with large shining foliage. Forms a fine specimen.....	50 cts. to 1 00	<i>Veitchii</i> , the foliage of this plant is exceedingly distinct. A grand show plant.....	40 cts. to 1 00
* <i>Macrorrhiza Variegata</i> , leaves nearly as large as <i>Colocasia Esculentum</i> , broadly splashed with white, some leaves nearly all white. Its easy growth, combined with the rich variegation, makes it a very telling subject for exhibition.....	50 cts. to 1 00	* <i>Zebrina</i> , fine yellow leaf-stalk, with distinct black marks, rendering it a very conspicuous plant. It makes a grand specimen.....	50 cts. to 1 00
* <i>Metaltica</i> , a plant possessed of great beauty. Large, thick, shell-like leaves of a bronzy copper color. It is distinct and admirable in every respect.....	75 cts. to 1 50		

POTHOS.

<i>Pothos, Celatocaulis</i> , this plant is a handsome and interesting climber; lying perfectly flat upon the surface it climbs over, being held in position by its numerous adventitious roots; and as it is a rapid grower, it is admirably adapted for covering walls, &c.....	30	<i>Pothos, Aurea</i> , the leaves are strikingly variegated, irregularly marked by bands of fantastic-shaped blotches of creamy-yellow, here and there suffused with pale yellowish-green.....	25
---	----	--	----

PAVONIAS.

* <i>Pavonia, Wioti</i> , the outer calyx consists of two whorls of bright red bracteoles, the outer whorl shorter than the inner, which equals the closed corolla. Both the latter and the calyx are of a red-black. It flowers continuously throughout the year, but most freely in the winter months.....	50	* <i>Pavonia, Makoyana</i> , its corymbs of flowers are peculiarly attractive from the bracteoles being large and of a bright rosy-carmine color, forming a striking contrast with the dark purple corolla. The plant is extremely floriferous, and the blossoms remain a long time in perfection.....	50
--	----	--	----

MONTBRETIAS.

<i>Montbretia, Crocosmiæflora</i> , an exceedingly beautiful bulbous plant, a hybrid between <i>Montbretia Pottsii</i> and <i>Crocosmia Aurea</i> —flowers in long spikes like a <i>Gladiolus</i> ; brilliant orange and crimson. Per doz. \$1.00.....	10	* <i>Montbretia, Bouquet Parfait</i> (new), yellow, blazed with vermillion.....	50
<i>Pottsii</i> , a bulbous-rooted plant from the Cape, requires similar treatment to <i>Gladiolus</i> ; stem 1½ to 2 feet high, with a panicle nine inches long, bearing long, deep bright yellow flowers, tinted outside with red. Per doz. \$1.00.....	10	<i>Elegans</i> (new), very bright yellow with vermillion.....	25
		* <i>Etoile de Feu</i> , flowers in long spikes like <i>Crocosmiæflora</i> ; rich vermillion; brilliant.....	50
		* <i>Gerbe d'Or</i> , a free bloomer; very pretty; color orange-yellow.....	50
		All these beautiful Montbretias are quite hardy.	

NEW DIEFFENBACHIAS.

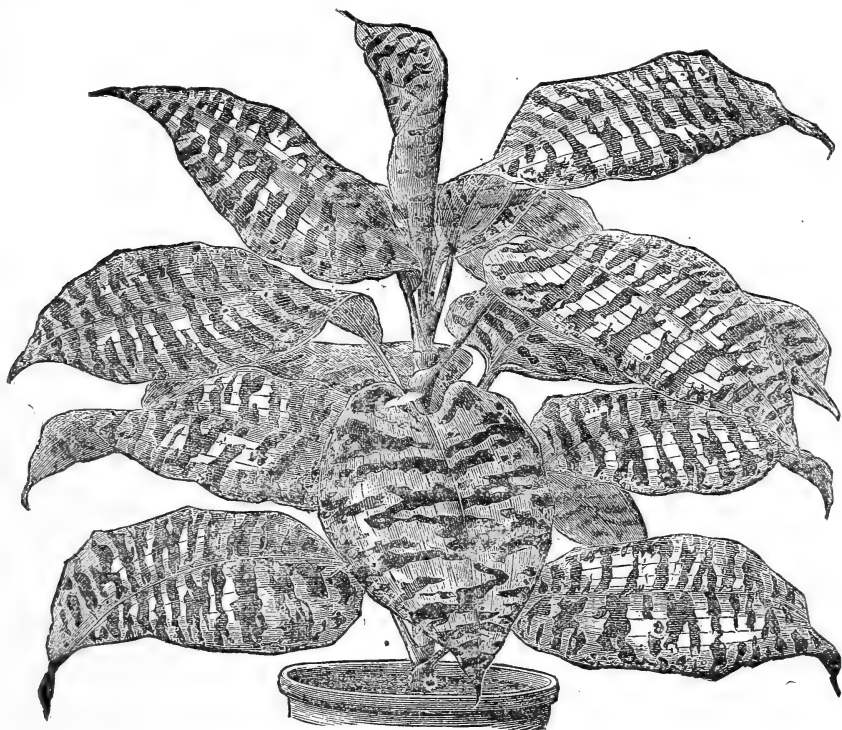

<i>Dieffenbachia, Baraquiniana</i> , a fine vigorous plant with white stems, leaves green, spotted and blotched with pure white.....	25 cts. to 50	<i>Dieffenbachia, Eburnea</i> , distinct and very beautifully marked foliage.....	25 cts. to 50
<i>Bausei</i> , it is a stocky-growing broad-leaved variety, with yellowish-green leaves, which are irregularly edged and blotched with dark green, and also spotted with white, the marking being particularly effective.....	25 cts. to 50	<i>Leopoldii</i> , the leaves are of a rich, deep, lustrous, satiny-green, traversed by a broad and stout ivory-white rib, which is bordered on each side through its entire length with a whitish band, and shows in strong contrast to the color of the leaf surface.....	25 cts. to 50
<i>Bowmanii</i> , very large bright green leaves, blotched and marked with golden-green; a grand specimen plant.....	25 cts. to 50	<i>Nobilis</i> , the leaves are of a deep rich green, marked over the central portion to within about an inch of the margin, with largish, angular, irregular and variously confluent white spots, which contrast with the color of the margins and intervening portions, 25 cts. to 50	25 cts. to 50
<i>Illustris</i> , a stout-habited stove plant of noble character, with bold and finely-marked leaves. The blade is large, distinctly cordate at the base, marked all over with irregular blotches of yellowish-green, and with a tendency to become yellow along the course of the principal ribs.....	25 cts. to 50	<i>Picta</i> , a very beautiful foliage plant, leaves a deep green, mottled with white; beautiful.....	25 to 50
<i>Jenmanii</i> , the leaves are a rich bright glossy green, relieved by a milk-white band at every lateral nerve and by a few white spots interspersed between the bands. The striking variegation renders it one of the handsomest of stove variegated plants.....	50	<i>Splendens</i> , a plant of great beauty. The stem is faintly mottled with dark and light green. The leaves have a thick ivory-white midrib, and the ground color is of a deep, rich, velvety bottle-green, with a resplendent, lustrous surface, freely marked with whitish striated blotches.....	50
<i>Magnifica</i> , a truly magnificent plant, vigorous, distinct, and fine habit; with large green leaves, spotted and marked with pure white.....	50	<i>Weirii</i> , it is of dwarf habit, the foliage of a bright green color, thickly blotched and spotted with pale yellow. This is one of the finest of the Dieffenbachias.....	25 cts. to 50

BURBIDGEA NITIDA.

This beautiful plant is the type of an entirely new genus with the habit of *Hedychium*. It is a native of Borneo. It produces ten to thirty slender flowering stems, each bearing a panicle of 12 to 20 flowers each. The leaves are of a lively glossy green on both surfaces, and serve to set off the rich orange-scarlet colors of the flowers. Its flowers, of a rich orange hue, render it a very striking stove plant. 40 cents.

***DRACÆNA GOLDIEANA.**

One of the most magnificent ornamental foliaged plants ever introduced, and altogether unique in character and aspect. It is a native of Western Tropical Africa. The plant is of erect habit, and the stems are closely set with stalked spreading leaves, the petioles of which are of a grayish color, terete with a narrow furrow along the upper side, the base being dilated and sheathing the stem. The base of the leaf is cordate-ovate acuminate with a yellowish-green costa, and banded with dark green and silver-gray in alternate straight or furcate bands, the colors being about equally distributed. The back of the unrolled leaves is a pale reddish-purple or wine color, and the stem where visible at the upper joints is of similar hue, the lower parts becoming green. It is, without doubt, one of the finest of all stove plants, and indispensable in all first-class collections. \$1.50 to \$2.50.

**DRACÆNA GOLDIEANA.****CURMERIA WALLISII.**

The leaves are spreading and marked with very irregular dark green maculations, some running out from the green costa and others situated near the edge. The intermediate spaces are furnished with broadish patches of very pale yellowish-green, which in the more matured leaves becomes a greenish grey. The colors are about equally dispersed, though the marking is very irregular, both as to the size and form of the blotches. \$1.00.

PEPEROMA PROSTRATA.

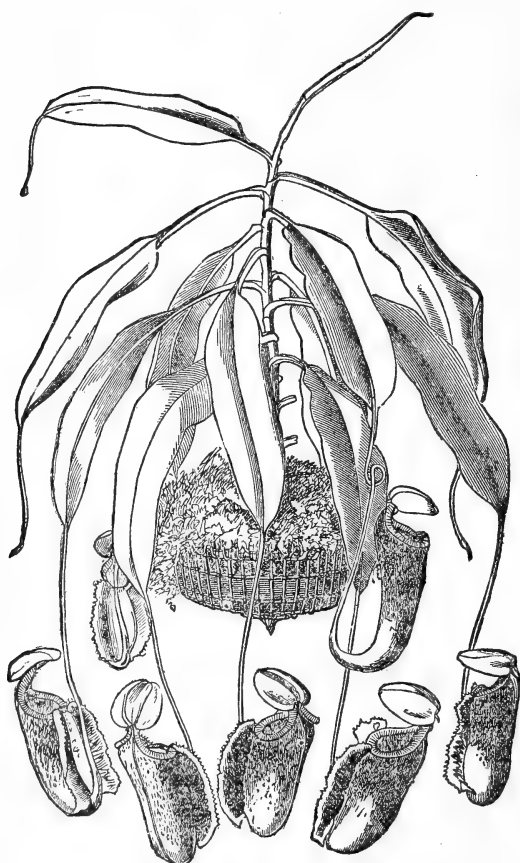

A very ornamental basket plant, with slender creeping stems, and alternate round variegated leaves. 25 cents.

—ARDISIA OLIVERI.

Ardisia Oliveri is a Stove shrub of remarkably striking appearance, with recurved foliage and large globular heads of flowers like those of an *Ixora*, but of pink color. The plant was introduced from Costa Rica by the late M. Endres. 30 cents.

NEPENTHES, PITCHER PLANT.

- Each.
- ***Nepenthes, Coccinea (Hamiltoniana)**, pitchers about 6 inches long by 3 in width, crimson, slightly speckled with yellow, flask-shaped, pointed at the base, distended below the middle, broadly cylindric above; rim broad, finely ribbed, ribs paricolorous, red and blackish; throat greenish, speckled with red; lid ovate oblong, smaller than the mouth, greenish, striped and speckled with red..... 2 50
- Each.
- ***Nepenthes, Hookerii**, a magnificent species of robust habit; the leaves are long and broad, supporting fine large pitchers upwards of 4 inches in length and 2 inches in diameter; the ground color is dark green, which is profusely streaked and blotched with dark red..... 2 50
- ***Lævis**, of very free growth, producing its pitchers freely of moderate size, of a bright green color, shaded with reddish brown 50 cts. to 1 50
- ***Nepenthes, Gracilis Major**, a plant of free growth and compact habit; its pitchers are produced very abundantly; the ground color is dark green, over which is a profusion of dark reddish brown spots 75 cts. to 1 50
- ***Dominii**, a beautiful pitcher plant, producing its large pitchers freely; color green, marbled and spotted reddish-brown..... \$1.00 to 2 50
- Distillatoria**, one of the oldest distinct and valuable 2 50
- ***Hybrida Maculata**, produces its pitchers in great profusion; they are cylindric, slightly contracted above the middle, and winged; they are stained with purplish red spots of a peculiar tint, by which this variety may be recognized \$1.00 to 2 50
- Mastersiana**, this is indisputably the finest hybrid *Nepenthes* yet obtained. It was raised from *N. Sanguinea* and *N. Distillatoria*. The pitchers are as richly colored as those of *N. Sanguinea*, but easily distinguished from that grand species by their having the characteristic blotches of *N. Distillatoria* on the deep claret or blood-red ground of *N. Sanguinea*; they are cylindric, slightly distended below, and contracted above the middle, where there is a rib or prominence; they attain a length of 8 inches, and a breadth of 2, and even more as the plants increase in strength, 5 00
- Morganiae**, it is of dwarf, neat habit. The pitchers are flask-shaped, when fully grown are from 6 to 8 inches in length. On the younger plants the pitchers are beautifully mottled with bright red and pale green; in the older plants they are almost self-colored and blood red 2 50
- Patersonii**, the pitchers, which are produced abundantly, are marked with numerous reddish brown spots; a distinct and handsome variety 2 50
- ***Phyllamphora**, of very free growth, producing in great profusion moderate sized pitchers of a bright green, 50 c. to 1 50
- ***Rafflesiana**, of robust growth, producing very large pitchers of great beauty, which measure from 6 to 12 inches in length; ground color dark green, mottled and blotched with red. Its handsome pitchers render it a general favorite..... 5 00
- Stewartii**, a hybrid between *N. Phyllamphora* and *N. Hookeriana*; pitchers intermediate in size between the parents, with rather broad ciliate wings in front and a prominent rib behind, deep green densely spotted and clouded with crimson..... 2 50
- ***Sedeni**, the pitchers are produced freely even on very small plants; they are of medium size, oblong, dilated at the base, narrowed above the centre; and slightly expanded towards the top; in color they are a dark green densely covered with dark red spots..... 2 50

PITCHER PLANT.

*HIGGINSIA RÆZLI.

A very beautiful new tropical plant, with dark bronzy leaves, streaked and marbled with white. 50 cents.

ANTHERICUM PICTURATUM.

Without a doubt one of the handsomest foliage plants ever introduced, in growth equal to *A. Nilotum*, the variegation is entirely distinct, having a rich creamy-white band $\frac{3}{4}$ of an inch wide running through the centre of each leaf, margined on each side with rich deep green. 30 cents.

CRASSULA JASMINEA.

A very valuable and handsome plant, flowers white, resembling a Bouvardia, very fragrant. 25 cents.

COLUMNEA SP.

An exceedingly pretty epiphyte which we have introduced from Guatemala; grows well on a log with or without moss; it also grows freely in a pot; flowers creamy white covered with minute red spots. 50 cents.

HOYAS.

	Each.		Each.
Hoya, Carnosa, a beautiful fragrant plant.....	25	Hoya, Globulosa, "the flowers are of a bright straw color, the coronal protuberances white, the interstices of a shining brownish-pink, forming a very pleasant contrast; the trusses large and freely produced, and the leaves of a shining green color, with dark green veins."— <i>Floral Magazine</i>	50
Variegata, centre of leaf green, margined with silver.....	25		
Imperialis, a robust, vigorous growing species, with very large flowers.....	50		
*Motoskei, new.....	50		
Paxtonii, a very beautiful species, similar to <i>Bella</i> , but of freer growth.....	50		

NEW TRITOMAS (KNIPHOFIA).—Flame or Torch Flower.

*Tritoma, <i>Caulescens</i> , this is a very distinct plant, rising on a stem with a Yucca-like head of channelled, arching leaves; the flower stem is from two to three feet high, surmounted with an enormous head of brilliant blossoms..	1 00	Tritoma, <i>Quartiniana</i> , this also rises on a short stem; the leaves are channelled, arching, rigid, their points touching the ground, and of a glaucous blue color; the flower stem is stout, surmounted by a large head of yellow flowers.....	1 00
Corallina, a beautiful new plant, flowers very brilliant, coral red.....	1 00	Nobilis, truly called "noble"; a plant of very vigorous growth, throwing up a flower stem six feet high, surmounted by a foot-long cylindrical flowerhead of bright scarlet and golden yellow.....	50
Glaucescens, orange-scarlet flowers; glaucous foliage.....	25	Saundersii, a vigorous plant; the flower stem is not quite so tall, and the head is conical instead of cylindrical; the flowers are red throughout; a fine addition to the group to which it belongs, and should be included in the most select collections.....	50
Grandiflora, strong, erect flower stalk, 2 to 3 feet, color orange-scarlet.....	50		
*John Benary, a new variety, of great beauty, deep rich color.....	1 50		
Leichtlini, flowers rich orange-vermilion, a very handsome and distinct Tritoma.....	1 00		
McOwnei, a very beautiful species with orange-scarlet flowers.....	50		

TOXICOPHILÆAS.

Toxicophlæa, <i>Spectabilis</i> , a beautiful plant with white flowers. It is extremely floriferous, even in the youngest plants; the flowers are produced in very large corymbs, each flower being of a tubular form with expanded limbs.		It is very useful for bouquets, being delightfully fragrant as well as beautifully chaste in color. 1 00	
		Toxicophlæa, <i>Thunbergii</i> , another beautiful species with large corymbs of pure white flowers, exceedingly fragrant.....	1 00

BIGNONIA MAGNIFICA.

A free growing and extremely floriferous stove plant, of scandent habit. The flowers, which are produced in large branching panicles, are of great size (about 3½ inches across) and of exceedingly attractive color, ranging from delicate mauve to rich deep purplish-crimson, relieved by a conspicuous throat of light primrose color. 50 cents.

PHILODENDRON CARDERI.

The leaves are cordate, broadish, of a dark shaded bottle-green, with a satiny lustre, the principal ribs being marked out by bright green lines of glaucous or metallic hue; at the back the leaves are of a shaded wine purple, the course of the veins being marked by broad green lines. The glossy shaded satiny surface of the leaves impart to them a wondrous degree of beauty. 40 cents.

ASPARAGUS.—New Species.

Florists will find in these new Asparagus, with their delicately beautiful feathery growths, plants admirably adapted for floral work.

Asparagus, <i>Plumosus</i> , an elegant evergreen climber. It is an exceedingly handsome ornamental plant for the greenhouse or conservatory, and its pretty feathery growths are extremely useful for cutting for decoration. This is the finest species for florists—much more valuable than the dwarf variety.....	50	Asparagus, <i>Virgatus</i> , of shrubby habit, elegant and feathery. Root-stock omitting several stems, the upper part of which branch in a corymbose manner; a feathery, graceful plant, <i>Tenuissima</i> , another very graceful and beautiful species, of free growth, with filmy foliage; the stems of all these asparagus stand without withering after being cut for a long time... 15 to	25
<i>Plumosus</i> , <i>Nanus</i>	1 50		

ALPINIA ALBO-LINEATA.

A very striking and beautifully variegated plant, 3 to 4 feet high when fully developed. The leaves are 9 to 12 inches long, elliptic-lanceolate, pale green, marked divergently with broad bands of white and pale green. This is a grand addition to our ornamental plants, and makes a fine contrast intermixed with other foliage plants. 40 cents.

ARTOCARPUS CANONNI.

A tropical plant of exceedingly ornamental foliage of a rich bronzy-crimson tinted with purple above, beneath of a vinous red, about 1 foot long and 7 inches broad; very variable. 40 cents.

NEW PANAX.

Each.	Each.
Panax, Laciniatum , an elegant and very distinct plant. The leaves are tinted and indistinctly marked with pale olive-brown, and form a rather complicated mass of narrow segments; they are bipinnate, nearly as broad as long, and have a drooping contour.....	25
Panax, Victoriæ , a distinct and very graceful stove plant, thickly furnished with leaves of a remarkably elegant character, forming a gracefully recurring mass of pleasing variegated foliage, and is one of the most lovely and elegant variegated plants.....	25

CLIDAMIA VITTATA.

A splendid foliage plant, having large green leaves with a light band down centre of the leaf, of easy culture and rapid growth. 40 cents.

NEW CROTONS.

Croton, Baron James de Rothschild , one of the finest of the large-leaved section, with yellow midrib, changing to a rich violet-crimson.....	50
Caudatus-Tortilis , a beautiful Croton with gracefully pendulous twisted leaves. Some of the leaves are deep olive-green, with a golden-yellow central band and crimson midrib; others are almost wholly yellow which becomes suffused with crimson by age, while others again are spotted and blotched in various ways.....	50
Chrysopæsilus , the foot-stalks and midribs are pale canary-yellow, which is also spread over the blade on each side of the midrib in irregular bands, in some cases to two-thirds of the length of the entire leaf.....	50
Carrierii , a superb Croton, with large finely variegated foliage.....	50
Cronstadii , a glossy green variegated with bright golden-yellow. They are twisted, curled and crisped into a great variety of forms. The richness of its coloration renders it most distinct and interesting.....	50
Day Spring , a vigorous showy variety, centre of leaf creamy-yellow.....	50
Elegantissimus , one of the most charming and elegant varieties yet offered. The variegation is of a rich bright golden color, extending along the centre and occurring in distinct blotches, and this, contrasting with the bright red tint of the petioles, produces a very pretty effect.....	50
Evansianus , the newest leaves are light olive-green, with midrib and veins of golden-yellow. As the leaves become older, the green deepens and changes to a bright bronzy-crimson, and the golden-yellow of the midrib a rich orange-scarlet.....	50
*Emperor Alexander (new), a very beautiful variety in the way of <i>Fasciatus</i> , but more distinctly and finely marked.....	1 50
*Flambeau (new), leaves narrow, bright rich crimson, a brilliant variety.....	1 50
Fasciatus , veins marked by bright yellow lines, interlacing near the edge, where, near the point, the surface is chiefly yellow; midrib a brownish-yellow band.....	50
Hanburyanus , leaves rich golden-yellow and rosy-crimson that suffuse the whole plant. All the leaves are beautifully marbled and blotched with these tints on a green ground.....	50
Hawkerii , the middle and lower portions of the leaves, together with the foot-stalks, are light creamy-yellow which spreads over the greater part of the leaves.....	50
La Dame Blanche , a very beautiful variety with long undulating foliage; the variegation is white, which marks it as distinct from other Crotons.....	50
Lancifolius , midrib, margins and veins pale yellow, which, as the plant attains its character, becomes reticulated with bright rosy-pink; presenting a mosaic appearance.....	50
*Croton, Montœfontainensis (new), leaves three lobed, a very rich colored and beautiful Croton.....	1 50
Macarthurii , the color is constant, but the markings on the different leaves are as varied as the forms assumed by the leaves themselves. The midribs are yellow, and are spotted, blotched, flaked, and barred in infinite variety.....	50
*Newmanii (new), a richly variegated form with large lanceolate leaves freely marked with a most distinctive bright golden-yellow and whitish variegation; the midrib is of a bright magenta-crimson, the ground color of which is bright green, interspersed with occasional blotches of bright yellow.....	1 50
Nevillæ , when first expanded their midribs are bright golden-yellow, and the blades light olive-green, barred and marked with yellow. In the mature leaves, the yellow is changed to crimson, shaded with orange.....	50
President , a charming new Croton, with foliage broadly variegated with golden-yellow.....	75
Prince of Wales , the midribs are light yellow, with a broad band of the same color on either side; the remainder of the blade is light olive-green, profusely spotted and marbled with yellow.....	50
Princess of Wales (Glorious) , this is one of the long-leaved drooping forms. Leaves sometimes plain and sometimes strongly undulated. The ground color is green, and the variegation creamy-yellow, very variable in character.....	50
Queen Victoria , the ground color of the leaf is rich golden-yellow; the midrib and the primary veins are of a rich magenta color, changing with age to a vivid crimson; the margin of the leaf is banded with carmine.....	50
Superbus , a rich sulphur-yellow, very distinct, a fine variety.....	1 50
Sunshine (new), a very handsome and distinct Croton; leaves from 9 to 12 inches long by 2 to 3 inches broad, oblong obovate; and of a dark golden-yellow color, primary veins and margin same color, ground color pale olive-green spotted. This will make a good decorative plant. When the leaves are mature the markings change to a deep orange-crimson.....	1 50
Variabilis (Falcatus) , its leaves marbled and blotched with different shades of yellow, orange and crimson. The leaves both in color and shape are very variable; some are straight, others recurved.....	50
Williamsii , the leaf has a central band, yellow, from which veins of the same color branch out on either side. These veins all change to deep crimson and the whole plant becomes flushed with a glowing tint of crimson, shaded with violet.....	50

Extra sized plants of the above Crotons can be supplied at extra prices.

BERTOLONIAS.

Each.	Each.
* <i>Bertolonia, Van Houttei</i> , has the leaves of a rich olive-velvet ground color, traversed broad-side by large bars of beautiful magenta-red, and dotted all over with thousands of spots of the same color. The description will, however, give only a slight idea of the real beauty of this plant.....	50
* <i>Bertolonia, Guttata</i> , leaves dark green, profusely dotted with rose-colored spots, a charming plant.....	50
* <i>Mirandæi</i> , beautiful marked foliage.....	75
* <i>Pubescens</i> , leaves light green, dark band through centre.....	50

GOODYERAS.

* <i>Goodyera, Dawsoniana</i> , a very beautiful plant. The leaves blackish-green on the upper side, and very glossy, with lines of beautiful golden-purple traversing from the base of the apex; flowers white.....	1 50
* <i>Goodyera, Discolor</i> , a beautiful plant, grows about six inches high; foliage a beautiful dark velvety color, with white markings through its entire length; flowers white.....	50

LAURESTINUS.—*Viburnum Tinus*.

* <i>Laurestinus, Splendens</i> , a variety of <i>Laurestinus</i> , with magnificent large flowers. A good grower and a free bloomer.....	50
* <i>Laurestinus, Pure White</i> , the flowers of this variety are pure white.....	50

PHYLLANTHUS ROSEA-PICTUM.

The variegation is exceedingly rich and varied, no two colored leaves showing precisely the same markings with like tints. Many of the leaves are bright crimson, which is also the color of the stem during the early stage of growth; some are a light cream color, tinged with a delicate bluish, others again have a dark bronzy hue, shaded with crimson; some are dark green with blotches and spots of rose, while others are tri-colored, white with different shades of rose and green. 30 cents.

DICHORISANDRAS.

* <i>Dichorisandra, Mosaica</i> , an extremely handsome plant, of dwarf habit; leaves large, ground color of the upper side rich, deep shining green, traversed with an innumerable quantity of parallel transverse fine white lines; the upper side is of a uniform deep purple. It also produces lovely rich azure flowers.....	1 00
<i>Dichorisandra, Thyrsiflora</i> , a very fine species, flowers in a thyrses of rich azure; <i>magnificent species</i>	40
<i>Undata</i> , very different from <i>D. Mosaica</i> , producing large ovate leaves, very dark green in color; the midrib and veins are of a lighter green, which gives the leaves a striped or marbled appearance.....	40

HIBISCUS CARDIOPHYLLUS.

I have the pleasure of offering this extremely beautiful Hibiscus, which I have received from southwestern Texas. In habit it resembles an *Abutilon*. Plants bedded out the past summer succeeded admirably, flowering profusely during the season. The flowers are bright scarlet, over two inches across, which makes it a very striking plant. 25 cents.

NEW FERNS.

ADIANTUMS.

<i>Adiantum, Aneitense</i> , a very elegant free-growing species of Maiden-hair Fern, introduced from the Island of Aneiteum; firm in texture, with a glabrous surface; the roundish reniform sori are borne in the centre of the lobes.....	75
<i>Bausei</i> , a hybrid variety between <i>A. Trapeziforme</i> and <i>A. Decorum</i> ; in size intermediate between the two. Its peculiarity is the drooping position of the pinnae; in the form of its pinnae it also differs from any other known Fern.....	50
* <i>Cuneatum Deflexum</i> , it was raised between <i>A. Cuneatum</i> and <i>A. Bausei</i> . "The plants are dense and compact in growth, on which account they are well adapted for grouping in small baskets and jardinettes.".....	50
* <i>Cuneatum Grandiceps</i> , it differs from the species in several striking particulars. It is more robust in habit, the fronds are more elongated, the pinnae also terminate in similar but smaller branchings, and these by their weight give the fronds an elegant arching habit.....	75
* <i>Collisii</i> , a beautiful fern allied to the well-known <i>Adiantum tenerum</i> , but far superior to it. As distinguished from <i>A. tenerum</i> , the fronds are more numerous, somewhat taller and much more branched, giving the plant a far more elegant contour.....	75
* <i>Adiantum, Dolabriforme</i> , a beautiful evergreen Adiantum; fronds elongated, pinnate, proliferous, pinnules dolabriform. An exceedingly graceful Fern.....	56
* <i>Fergusonii</i> , an elegant species of Maiden-hair Fern. The fronds are erect, tripinnate along the upper half, and attain a height of from 24 to 30 inches. The pinnules are large, overlapping, of irregular form, but neatly toothed and notched along the outer margin, the terminal one being three-lobed.....	1 00
* <i>Fragrantissima</i> , a great novelty, being fragrant; it is also a beautiful Adiantum.....	1 00
* <i>Lathomi</i> , in the way of <i>A. Ghiesbreghtii</i> , but with a drooping habit. Fronds 2 to 3 feet high, drooping somewhat. An exceedingly graceful and beautiful Fern.....	50
* <i>Legrandii</i> , a pretty dwarf Fern, with small triangular fronds densely set with overlapping pinnules. Handsome compact habit, very distinct.....	1 00
<i>Ludemannianum</i> , a remarkable variety; the peculiarity consists in the pinnae being crested or agglomerated at the extremities of the stipes and their rachides; they are also much crisped and curled.....	1 00
* <i>Pacottii</i> , an elegant Maiden-hair Fern, 4 to 6 inches high, with elongate triangular, tripinnate fronds, with densely set pinnae and pinnules.....	50

	Each.		Each.
* <i>Adiantum, Monochlamys</i> , a distinct and beautiful new <i>Adiantum</i>	1 00	* <i>Adiantum, Williamsii</i> , the New Golden Maiden-hair. This splendid novelty is destined to become a general favorite, and for cutting purposes its value cannot be overestimated....	1 00
* <i>Novæ Caledoniæ</i> , a distinct and pretty species, with pinnate fronds, the pinnules deeply cut, compact in habit and very graceful.....		* <i>Victoriæ</i> , a handsome decorative Fern of dwarf densely tufted habit; sterile lobes serrate; sori oblong or reniform at the apex of the lobes....	50
<i>Rhodophyllum</i> , a most distinct and beautiful Fern. The fronds attain a height of 15 to 18 inches. When first developed the young pinnales are crimson, changing with age to a soft pale green.....	75	<i>Weigandii</i> , a very pretty and novel Maiden-hair Fern, neat in habit, having the compact bunchy style of growth of <i>A. Decorum</i>	50
<hr/>			
<i>Asplenium Nobilis</i> , this is a graceful Fern, with light lace-like pinnae and arched fronds which somewhat assemble those of <i>A. Viviparum</i> or <i>A. Lineatum</i>	30	laying the other, those above being largest. Compact elegant habit.....	30 cts. to 50
<i>Davallia Fijiensis</i> , a charmingly elegant evergreen Fern, free in growth, firm and durable in texture, and bright green in color, introduced from the Fiji Islands. The fronds grow 2 or 3 feet in height and have a deltoid outline.....		* <i>Nephrolepis Rufescens Tripinnatifida</i> , this is unquestionably the handsomest and most effective of all the forms of the widely distributed <i>Nephrolepis Rufescens</i> yet discovered; it is a native of the Fiji Islands. The fronds are tufted, erect or sub-erect, 2 to 3 feet high; the stipes and rachides are of a glossy red-brown color and clothed with a ferruginous tomentum. The pinnae are much cut and divided into segments in endless variety as to length and form. The aspect of the plant is light and graceful in the extreme.....	1 50
* <i>Tenuifolia Stricta</i> , an exceedingly handsome Fern, with spreading ovate fronds.....	50	* <i>Pteris Bausei</i> , a distinct and beautiful <i>Pteris</i>	1 00
<i>Gymnogramma Schizophyllum</i> , a very beautiful and distinct Fern. The frond is about 2 inches broad, very finely cut. A remarkable peculiarity in this <i>Gymnogramma</i> is seen in the furcation of the rachis, and where it is proliferous, every frond producing a young plant. One of the most attractive of Ferns.....	25 cts. to 50	* <i>Platycterium Alcorni</i> (Elk's Horn Fern), a very handsome and distinct evergreen Fern, succeeds well on block or basket.....	50
<i>Lastrea Richardsii Multifida</i> , the plant has fronds 3 feet high. Its bright green color and the broad-crested apices with their numerous narrow divisions give this plant a singularly elegant character.....	25 cts. to 50	* <i>Majus</i> , large and very beautiful variety.....	1 50
<i>Nephrolepis Duffii</i> , a beautiful and distinct Fern. The fronds are densely crowded, from 15 to 18 inches long, pinnate and much crested. The pinnae are produced in pairs, one over-		<i>Biforme</i>	2 50
		<i>Ethiopica</i>	2 50
		<i>Grande</i>	2 50
		<i>Hilli</i>	2 50
		<i>Stemmaria</i>	2 50
		<i>Willinckii</i>	2 50
		Platycteriums are among the most distinct of Ferns, succeeding admirably on blocks.	

GLEICHENIAS.

* <i>Gleichenia, Dicarpa</i> , the color of the younger and fresher-looking fronds is a dark green, with a kind of metallic or bluish tint, and the under side is glaucous.....	2 50	* <i>Gleichenia, Flabellata</i> , a distinct and fine species, makes a strikingly beautiful plant.....	2 50
* <i>Rupestris Glaucescens</i> , a very distinct form of <i>G. Rupestris</i> . The fronds are of a much thicker texture and very glaucous on the surface, changing with age to a bright glaucous green. A very effective variety.....		* <i>Dichotoma</i> , a very handsome species, makes a nice specimen plant.....	2 50
* <i>Semivestita</i> , a very pretty compact free growing species, makes a handsome specimen plant.....	2 00	* <i>Mendellii</i> , this is one of the most distinct and free-growing kinds. It is a very compact growing species, requiring cool treatment. The pinnae are of a thick texture, and very glaucous on the under side.....	
		* <i>Speluncæ</i> , a distinct and beautiful species, makes a charming specimen plant.....	

ARALIAS.

* <i>Aralia, Amboinense</i> (<i>Sciadophyllum pulchrum</i>), a very ornamental plant with large, bright green shining foliage. A grand decorative plant.....	1 50	<i>Aralia, Guylfoylei</i> , the leaves are made up from three to seven-stalked oblong-elliptic bluntish leaflets. These leaflets vary in size from two to three inches long, and evenly margined with creamy-white.....	25 cts. to 40
* <i>Elegantissima</i> , a beautiful plant with straight erect stem, furnished at short intervals with digitate leaves, mottled with white on a dark green ground; the leaflets, from seven to ten in number, and gracefully pendulous. The color of the foliage is a deep green shaded with brown.....	1 00	* <i>Reginæ</i> , as the names implies, it is truly the Queen of Aralias. It is of a larger habit of growth than the <i>Veitchii</i> section; the leaf branches are more closely set, and the habit of growth is very graceful; the stem and petioles are beautifully freckled.....	1 50
<i>Filicifolia</i> , a plant of the first rank, graceful in habit, and well furnished with foliage, altogether one of the most valuable decorative plants. The stem and leaf stocks are purplish, marked with oblong white spots.....	30	<i>Sieboldii</i>	25 cts. to 50
<i>Reticulata</i> , a very distinct species of free growth; a fine decorative plant.....	50	* <i>Veitchii</i> , a very elegant plant from the South Sea Islands, producing very narrow digitate leaves, considerably undulated; upper surface deep green; under, dark crimson. One of the most beautiful decorative plants in cultivation.....	1 00
* <i>Nobilis</i> . See <i>Novelties</i> .			

PHYGELIUS CAPENSIS.

This pretty Penstemon-like plant I have found quite hardy, it having passed several winters out doors without protection. It grows from 3 to 4 feet high, and has numerous semi-herbaceous stems, each terminated by a long branching raceme of flowers, which are brilliant scarlet. It is a most persistent flowerer, beginning in May or June and continuing up to frost. This is one of the most ornamental hardy plants in cultivation. 25 cents.

ANASACANTHUS WRIGHTII.

A new plant which I have received from southwestern Texas. This shrub attains a height of four to five feet bushy, flowers orange, a continuous bloomer, nearly or quite hardy. 25 cents.

SONERILA HENDERSONII.

A charmingly variegated plant, of dwarf habit. Its leaves are most elegantly studded over with silvery-white pearl, or tiger-like spots upon a rich dark olive-green ground. Flowers rose-lilac. This beautiful plant proves far easier in its management than any of the former species of *Sonerila*. We have found this plant a profuse bloomer during the winter. 30 cents.

PHYLLOTÆNIUM LINDENI.

A fine Aroid discovered by Mr. G. Wallis, in New Grenada, and sent by him to M. Linden, of Ghent. The plant has robust foliage, which is very persistent; the leaves are of a light glossy green, marked by bands of white which cross the blade in almost parallel lines from a prominent midrib of the same color. \$1.00.

SENECIO PULCHER.—Beautiful Groundsel.

A half hardy perennial, a pretty plant, with rosy-crimson flowers, very showy, flowers late in summer. Figured in American Agriculturist. 25 cents.

VERONICAS.—Shrubby.

	Each.		Each.
<i>Veronica, Reine des Bleus</i> (new), very beautiful spikes of blue.....	25	<i>Veronica, Gloire de Marseilles</i> , blue.....	25
<i>Gracieuse</i> , carmine.....	25	<i>Nuee Bleue</i> , azure blue.....	25
		<i>Reine des Roses</i> , spikes of beautiful rose color,	25

VERONICAS.—Herbaceous.

<i>Veronica, Hendersonii</i> , a new species introduced from Japan, growth about 2 feet high, robust habit, foliage broad, of a deep rich green, dense and abundantly produced. The flowers are very large, rich deep violet blue, produced in large cluster heads composed of many spikes;		the finest of the herbaceous section of <i>Veronica</i>	50
		<i>Veronica, Elegans Variegata</i> , a very beautiful hardy herbaceous plant, with elegantly variegated foliage, long spikes of blue flowers.....	25

TECOMA STANS.

A very fine plant, from southwestern Texas, has succeeded finely bedded out with us during summer. The flowers are a rich yellow, and very floriferous. A superb plant for the South. 40 cents.

APHELANDRA FASCINATOR.

A very fine species, with very ornamental foliage as well as magnificent flowers; the leaves are rich dark green, beautifully banded with silvery white, and underneath of a uniform purplish velvet; the spikes of bloom are very large and of a dazzling vermilion color. 40 cents.

CANNAS, (New).

<i>Canna, Adolph Weick</i> , very dwarf compact habit, flowers of a rich crimson-scarlet, shaded with orange, foliage rich pea-green. One of the dwarfest and most free flowering in cultivation.....	25	<i>Canna, Nouttoni</i> , this very distinct and fine <i>Canna</i> is closely allied to the last. Like it the foliage is large and fine. The flowers are also very large and showy, of a bright scarlet; a grand <i>Canna</i>	25
<i>Brilliantissima</i> , large purplish foliage, with brilliant flowers; a fine variety.....	30	<i>Ornement de Grand Rouge</i> , very large foliage, with rich scarlet-crimson flowers.....	30
<i>Ehemanni</i> , the most distinct of all <i>Cannas</i> on account of the large oval <i>Musa-Ensete</i> -like soft green leaves, which place it foremost among decorative foliage plants. Its most striking feature is the splendid carmine-red flowers.....	30	<i>Robusta Perfecta</i> , the finest and most effective of the dark-leaved <i>Cannas</i> , bearing immense leaves from twelve to eighteen inches wide, and three feet long, of a bright bronzy color.....	25
<i>Gladioliflora</i> , flowers deep amber or orange colored, which are very large; foliage a deep blue-green, very distinct.....	25	<i>Roseflora</i> , foliage bluish green, flowers rich carmine rose; a profuse bloomer.....	25
		The set of 8 for \$1.75.	

CROZY'S NEW FRENCH CANNAS.

<i>Canna, B. Coseneaut</i> , rich deep green foliage, bright orange-scarlet flowers; very free flowering.		<i>Canna, Henry Martin</i> , orange scarlet; extra large flowers; foliage dark green.	
<i>Felix Crousse</i> , glaucous green foliage; large copious red flowers.		<i>Hippolite Flandrin</i> , extra large bright salmon flowers; foliage light green.	
<i>Francis Morrell</i> , narrow green foliage; large rosy carmine flowers.		<i>Revol Massot</i> , blue green foliage; flowers crimson, shaded orange yellow.	
<i>Guillaume Couston</i> , golden yellow, spotted violet crimson; dwarf, compact habit; very free.		Price 50 cts. each; set of 7, \$3.00. Seedlings mixed, 20 cts. each; \$2 per doz.	

CAMPYLOBOTRYS GHIESBRIGHTI VARIEGATA.

A pretty variegated variety of this beautiful plant. 25 cents.

POSOQUERIA LONGIFOLIA.

This plant forms an elegant bush, and is very free flowering. Leaves large, somewhat ovate, coriaceous, and shining green; flowers tubular, pure white, produced in large corymbs of a dozen and more, waxy-like, from 3 to 4 inches long, and deliciously fragrant. 50 cents.

ERIOCNEMA MARMOREUM.

Plant dwarf, with habit of some of the Begonias, leaves green, striped with bands of white; a beautiful plant. 50 cents.

*Stenackeri fol Variegata.....	75		

***EULALIA GRACILLIMA UNIVITTATA.**

A new and exceedingly distinct and graceful grass, \$1 00.

NEW POINSETTIAS.

Poinsettia, Pulcherrima Plenissima (new Double Poinsettia), this magnificent plant is remarkable for its floral bracts, the size of the heads in which they are produced, and their marvellous brilliancy of color. The whole inflorescence is full and rosette-like, and of a most vivid and brilliant scarlet color.....	50	Poinsettia, Pulcherrima Major, an improvement on the old species, both in the size of the individual bracts, and also in the far larger heads, which are of a bright scarlet, tinted with violet cerise.....	50
		Rosea-Carminata, in this fine variety the heads of bracts are larger, smooth, and of a brilliant rosy carmine.....	50

FICUS.—India Rubber Tree.

	Each.		Each.
Ficus, Australis , foliage, a pretty ornamental plant.....	40	Ficus, Macrocarpa , a free growing shrub, with smooth terete stems and coriaceous glossy ovate-oblong entire leaves, five to six inches long and three inches broad.....	50
Lucida , leaves bright green, shining.....	30	Elastica , India Rubber Plant. Fine large shining foliage; a fine decorative plant.....	50
Parcelli , a splendid decorative plant with beautifully variegated foliage. The leaves, which are of large size, thin texture and coarsely serrated on the margins, are of a bright green color, profusely but irregularly blotched with creamy-white and dark green.....	40	Variegata , an attractive variety of this useful plant, the leaves being veined and margined with yellow.....	

YUCCAS.

Yucca, Alcefolia Variegata , we received a special premium for a fine specimen of this plant from the Maryland Horticultural Society. Leaves green, broadly striped and banded with yellow: a beautiful variegated plant.....	50 cts. to 1 00	*Yucca, Quadricolor , the foliage of this is long, recurved and beautifully variegated; a very fine plant.....	1 00
--	-----------------	---	------

MARANTAS.

Maranta, Amabilis	30	*Maranta, Musaica , a very beautiful new species, foliage beautifully marked.....	1 00
Argyrea	30	Porteanna , this is a vigorous growing species, with fine large foliage feathered with white.....	30
Baraquirii	30	Princeps , this plant attains a height of from 3 to 4 feet, the blade of each leaf measuring upwards of a foot in length. Centre dark metallic, margined with light green.....	50
Bicolor , deep green, marked with dark brown.....	30	Pulchella	30
Goveniana	30	Regalis , very beautiful, with fine foliage distinctly and finely marked.....	50
Legrelliana	50	*Rosea picta , foliage deep green, with a silver band transversed with pink, a beautiful plant, 1 00	30
Illustis , a beautiful marked species, with leaves of a rich lustrous green, being a rival to <i>M. Lindenii</i> and <i>M. Veitchii</i> , assuming the habit of <i>M. Rosea picta</i> whilst young. Towards maturity the tracery changes to a broader white one within the margin.....	50	Sanguinea	30
Lietzei	50	Tubispatha , an elegant and very attractive species of erect habit of growth. Leaves some 9 or 10 inches long, light green, ornamented on each side the midrib with oblong blotches of cinnamon-brown.....	50
Lindenii , foliage very dark, with a golden feather along its centre. A fine species.....	50	Undulata	30
Lubersi (new), a very handsome species, foliage reticulated with yellow. Makes a handsome specimen plant.....	50	Van Den Hecke , leaves dark, satin-like, embellished by a large central line, surrounded by a silver disc.....	30
Makoyana , a very ornamental dwarf-growing species. Leaf stalks slender, reddish-purple, blade of the leaf ovate, ground color olive-green, beautifully and regularly blotched with creamy-yellow of a transparent character. On each side of the midrib are oblong dark green blotches, whilst the under side is rosy-red.....	50	*Veitchii , the leaves of this grand plant are upwards of 12 inches in length; the under surface of a rich purplish-wine color, the upper of deep, shining green, blotched with conspicuous patches along each side of a yellowish-green, almost verging on grey. The contrast is very marked and the whole plant very beautiful.....	1 00
Massangeana , a very distinct dwarf species. The variegation consists of three distinct colors. The midrib veins and middle portions of the leaf are silvery-white, faintly tinged with bluish-green, then a broad band of blackish hue, the whole being surrounded by a belt of bright green, margined with a thin line of a lighter shade.....	50	*Virginalis , fine broad foliage, midrib has a broad band of white; a very fine plant.....	75
Micans	30	Warscewiczii	30
		Zebrina	30

PANDANUS.—Screw Pine.

Pandanus, Javanica Variegata , this variegated Screw Pine is well known as one of the finest decorative plants; leaves green, with broad stripes of pure white, gracefully curved; very beautiful.....	50 cts. to 1 00
Utilis , Screw Pine: very fine decorative plant, with recurved graceful foliage.....	25 cts. to 1 00
Veitchii , this splendidly variegated Screw Pine is one of the most attractive plants. The leaves, which are of light green color, beautifully marked with broad stripes and bands of pure white, are most gracefully curved, which elegant habit of growth renders the plant extremely effective.....	50 cts. to 1 00

PANDANUS.

CLERODENDRONS.

Clerodendron, Balfouri , a beautiful climbing species, which blooms profusely on the young wood, flowers scarlet and white.....	25	Clerodendron, Thompsonii , a very beautiful climbing Stove plant, with crimson flowers, free, vigorous grower and profuse bloomer.....	25
Coronaria , a very desirable plant, flowers double, white, very fragrant, fine for bedding out, 25			

PHORMIUM.—New Zealand Flax.

	Each.		Each.
* Phormium, Atropurpureum , a very desirable species; habit the same as <i>P. Tenax</i> ; leaves reddish-purple. This makes a distinct decorative plant for the conservatory, and a fine subject for the sub-tropical garden; a distinct and beautiful plant.....	2 50	a glaucous green, the margin having a well-defined bar of blackish-purple. The points of the leaves are split down for some distance, both sides of each of the divided portions having the blackish-purple margin.....	\$1. 0 to 2 00
* Colensoi Variegatum , this beautiful plant has blue, broad, erect, pointed, dark green leaves, elegantly banded at the margin with one or sometimes with two conspicuous stripes of creamy-white. It has the same mode of growth as <i>P. Tenax</i> , but it is altogether distinct, while its more erect habit gives it quite a distinct appearance.....	\$1. 0 to 2 00	* Phormium, Cooki Variegatum , an elegant, somewhat dwarf-growing plant; leaves green, beautifully striped with golden-yellow. Native of New Zealand.....	\$1. 0 to 2 00
* Purpurea Nigro-Limbatum , a distinct form of New Zealand Flax, having erect leaves of		* Veitchii Variegatum , this is a finely variegated form of the well-known New Zealand Flax. The leaves are of the same size as the species, with conspicuous broad stripes of creamy-white running out their whole length, and contrasting well with the light shining green ground color. It is a truly noble plant.....	\$1 00 to 2 00

LAPAGERIAS.

* Lapageria, Rosea , an extremely beautiful climber, with large rosy-crimson bell-shaped flowers.....	\$1.50 to 2 50	* Lapageria, Alba , a beautiful variety of the last, with numerous large bell-shaped flowers of purest white.....	\$2.50 to 5 00
* Superba	\$1.50 to 2 50		

DIPLADENIA.—(Echites.)

* Dipladenia, Amœna , flowers of a soft pink color suffused with rose, somewhat resembling <i>D. Splendens</i> , but in every respect a great improvement on that variety, being of superior form, the lobes being stiff and round instead of reflex and pointed.....	75	* Dipladenia, Brearleyana , this splendid variety of <i>Dipladenia</i> is one of the best exhibition plants extant. Its superbly colored flowers, which are of the largest size, opening pink and changing to the richest crimson color. They have this remarkable peculiarity, that the color increases in intensity with the age of the flowers.....	1 00
Amabilis , a very beautiful species, bright rosy-carmine, a good grower and free bloomer.....	1 00	* Hybrida , a very floriferous variety; flowers resembling <i>D. Insignis</i> , both in color and form, but are produced in much greater profusion.....	1 00
Bolivensis , in habit it is very compact, producing an abundance of flowers in a much smaller state than almost any other species. The foliage is medium in size and of a light glossy green color. The flowers pure white, with a distinct yellow centre.....	1 00	* Splendens Magnifica , very vigorous grower; flowers rosy pink, large, beautiful.....	1 00

JASMINUM, SAMBAC.—(Arabian Jasmine.)

Jasminum, Duchesse d'Orleans , flowers double, white, like miniature white roses, deliciously fragrant, a very valuable plant.....	25	Jasminum, Trifoliata , another fine variety, flowers white, like miniature roses, deliciously fragrant.....	30
Grand Duke , flowers double white, like miniature white roses, deliciously fragrant, similar to the above, but distinct.....	25	Hirsutum (Single) , a very free flowering winter blooming species.....	25 ets. to 50
Grand Duchesse de Tuscany , flowers double, white, like miniature roses, deliciously fragrant in the style of the two preceding; very fine....	25	No plants can be more beautiful or fragrant than these; blooming freely through the summer. All who grow choice plants should possess them.	

IXORAS.

Ixora, Amabilis , of vigorous and compact habit, deep orange salmon well formed flowers, borne in large trusses, which are produced in great profusion.....	50	Ixora, Crocata , deep orange, free grower, and profuse bloomer.....	50
Coccinea, Superba , a beautiful variety, with very large heads of brilliant orange scarlet flowers, produced freely.....	50	Griffithii , a very vigorous growing variety, flowers orange.....	50
Fraseri , most effective and beautiful variety, of free and vigorous growth, with rich dark green foliage, and numerous large, terminal, globular flower heads, with blossoms of a brilliant flamed salmon color, upon carmine scarlet flower tubes, and rich under pedicels of flower stalks.....	50	Prince of Orange , this variety is distinct in color from any other, and is a valuable addition to this ornamental genus. It is of free, compact habit, flowers rich orange red, tinged with violet toward the centre, and produced in large and dense terminal corymbs.....	50
Regina , it is of compact habit and the flowers are of a deep shade of color; the trusses are of a somewhat similar shape to those of <i>I. Coccinea</i> , but the plant is much more compact in growth than that variety.....	50	Splendida , a magnificent variety, producing profusely very large and handsome trusses of flowers of a rich bright orange-crimson color; remarkably showy and attractive.....	
		Williamsii , it is a free growing plant and an abundant bloomer, producing immense trusses of large flowers, of a very distinct and pleasing shade of reddish salmon. It is one of the very best varieties in cultivation.....	50

CALLIPHURIA SUBEDENTATA.

This is a very beautiful free flowering plant; flowers pure white, fragrant, similar to *E. Amazonica*. 25 to 50 cents.

EUCCHARIS.—(Amazonian Lily.)

	Each.		Each.
<i>Eucharis, Amazonica</i> , large pure white fragrant flowers, full 4 inches in diameter, and are produced in abundance on strong plants. 25 cts. to	50	* <i>Eucharis, Sanderii</i> , a distinct and beautiful new species. Its snow-white flowers are produced in umbels and the corona, which is marked with six yellow stripes, is so shallow that it merely projects as a rim beyond the mouth of the tube. 50 cts. to 1 00	
* <i>Candida</i> , a very beautiful species, flowers pure white. 25 cts. to	50		
<i>Grandiflora</i> , large pure white, very fragrant, 25 to	50		

IMATOPHYLLUMS.

<i>Imatophyllum, Miniatum</i> , a very excellent evergreen, warm greenhouse or cool stove plant intermediate between <i>Clivia</i> and <i>Val-lotta</i> or <i>Amaryllis</i> , in style of growth, with dark green leaves and large corymbs of erect,		large, clear rich salmon or light flame colored cup-like blossoms. 50	
		<i>Imatophyllum, Mad. Van Houtte</i> , a new and very beautiful variety. 50	

LASIANDRA MACRANTHA FLORIBUNDA.

A magnificent plant of good habit and a most profuse bloomer; the flowers are rich violet blue, between five and six inches in diameter and produced nearly all the year through. It requires the same treatment as *Pleroma Elegans*. 40 cents.

RUELLIA MACRANTHA.

A Brazilian plant. Flowers freely of a fine violet-carmine, a pleasing color. This plant is of free growth in a warm house, flowering profusely and showy. One of the very finest winter blooming plants of recent introduction. 25 cents.

STEPHANOTHUS FLORIBUNDA.

This plant is not new, but as a valuable stove climber it is unequalled. The flowers are pure white, of a waxy texture, very persistent. Some large plants in one of my greenhouses were covered with bloom the whole of the past spring and summer. 25 to 50 cents.

TABERNÆMONTANAS.

<i>Tabernæmontana, Camassa</i> , a very desirable shrub, with racemes of double white flowers of <i>Gardenia</i> -like outline and fragrance, which are produced on the point of every shoot. The usual temperature of a hot-house with less humidity, will produce blooms more freely and longer in succession. 25		* <i>Tabernæmontana, Camelliflora Pleno</i> (Glory of the Day, this plant is not new, but it is not cultivated to the extent it deserves; it succeeds well bedded out during summer, giving its lovely double fragrant flowers of the purest white in great profusion; excellent for bouquets, &c. 25	
---	--	---	--

PARIS DAISY OR MARGUERITE.—(*Chrysanthemum Frutescens*.)

<i>Paris Daisy, Alice Crousse</i> , very beautiful, in the way of <i>Halleri Muzima</i> , and producing flowers profusely. 20		<i>Paris Daisy, Etoile d'Or</i> , a free yet neat habit and produces in abundance beautiful soft yellow flowers. 20	
<i>Frutescens</i> , pure white, very free. 20		<i>Uliginosum</i> (<i>Pyrethrum Uliginosum</i>), a hardy perennial, large single white flowers. 20	
<i>Sieberti</i> , white, very free; a fine variety. 20			

ALOCACIAS.

<i>Alocasia, Alba Violacea</i> , stems blue, striped white, large foliage. 25		<i>Alocasia, Hybrida</i> . 25	
<i>Esculentum</i> (<i>Caladium</i>), a magnificent plant where large, broad tropical foliage is desirable, grows about four feet high. 10 cts. to		<i>Illustras</i> . 25	
<i>Giganteum</i> , a large vigorous species. 50		<i>Javina</i> , beautiful green. 25	
		<i>Jenningsii</i> , a delicate green, heavy blotches of black. 25	
		This class of <i>Alocacias</i> bed out finely.	

NEW TUBEROUS-ROOTED BEGONIAS.—Single Flowered.

The following beautiful varieties will be found admirably adapted for bedding out, as they produce in the utmost profusion magnificent flowers of very large size, and great variety in color. The tubers rest during the winter months, similar to *Gladiolus*, and can easily be re-started in growth in the spring. Their profuse flowering quality, and the charming variety of color of their blossoms, render them extremely showy and effective.

<i>Begonia, Agnes Saul</i> , very large flowers, pure white, superior to <i>White Lady</i> . 25		<i>Begonia, Directeur Gillikins</i> . 50	
<i>Aspasie</i> , very large, color bright rose. 30		<i>Davisii</i> , it is of the dwarfest habit, the leaves and flowers all springing from the root stock. The scapes, which rise erect above an elegant bluish-green foliage, are bright red; each scape bears three dazzling scarlet flowers. 50	
<i>Chelsoni</i> , flowers large, drooping, bright orange, shaded with red. 25		<i>Fannie E. Saul</i> , the flowers are large, of a brilliant amaranth, of free growth and profuse bloomer. 25	
<i>Charles Ballet</i> (Lem.), large flowers of a rich vermilion, a beautiful variety. 30		<i>John Saul</i> , a grand flower, large, color dark scarlet-crimson. 25	
<i>Countess of Kingston</i> , intense purplish-crimson, immense flowers. 30			
<i>Diamant</i> (Lem.), flowers very large, of a vivid rose color, habit dwarf and compact, beautiful, 30			

	Each.		Each.
Begonia, Frœbelii , a splendid new species from Ecuador, producing well above the foliage erect bunches of large brilliant scarlet flowers.....	25	Begonia, Onyx , flowers very large, vermilion, shaded with very lively orange, reminding of the color of <i>B. Veitchii</i>	30
Little Beauty	50	Rosina M. Saul , flower very large, of a bright rich rose color; a charming variety.....	30
Meissonier , clear salmon, large and beautiful.....	50	Sutherlandii , flowers yellow, distinct and fine,.....	25
Marcel Deprez , yellow with red.....	50	Sedeni , flowers are of the richest magenta color and of large size.....	25
Miss Briscoe , rosy-orange, with white centre.....	30	Teresa Saul (Saul) , very large, color rose-magenta, very fine habit.....	25
Miss M. C. Saul (Saul) , very large, deep clear rose, beautiful.....	25	Vicomtesse Doneraile , very large, rich vermilion, extra fine.....	30
Message de Louverex (Van Houtte) , splendid orange-red.....	30	Washingtoniana , orange-vermilion, very large and fine.....	25
M. Marcotte (Lem.) , flowers large, of a beautiful tender rose color, very large and fine, a magnificent plant, superior to <i>B. Roseflora</i>		White Lady , flowers pure white, profuse bloomer.....	30
Mlle. Pessonneau , white, with rose centre, extra.....	30	Wilh. Liebnacht , flowers of immense size, color crimson-vermilion and orange.....	30
Martiana Gracilis , bright rose, light centre, very free.....	50	Extra selected seedlings 25 cents each, \$1 50 per dozen. Seedlings mixed 20 cents each, \$1.00 per dozen.	
Mont Blanc (new) , a vigorous grower and free bloomer, large white flowers.....	30		

NEW TUBEROUS-ROOTED BEGONIAS.—Double Flowered.

*Begonia, Andre Chenier , bright orange, large imbricated flower, dwarf compact habit.....	1 00	*Begonia, Glorie de Nancy (Lem.) , a magnificent variety, with large, very double beautifully colored carmine flowers, very floriferous.....	1 00
*Antoinette Guerin , large double white centre, cream.....	1 00	*Gen'l Championnet , in the style of <i>Glorie de Nancy</i> , more brilliant.....	1 00
*Blanche Duval , flowers very large; yellowish white; imbricated.....	1 00	*Gabrielle Legros , large and double, yellowish white.....	1 00
*Clemence Denisara , flowers large; globular, of a satiny rose, very fine.....	1 00	*Lemoinei (Lem.) , the flowers of this beautiful plant are like a double Anemone, of an orange-vermilion, very beautiful.....	1 00
*Davis fl. pleno , flowers dazzling scarlet, very double; habit dwarf and compact, a very beautiful variety.....	1 00	*Le Grand Citoyen , very large and double, color a rich coral, very rich.....	1 00
*Davis lutea pleno , similar to the preceding, with orange-yellow flowers.....	1 00	*Louis d'Or , enormous large double flowers; of a rich saffron-yellow.....	1 00
*Eclat , very rich crimson, large and double.....	1 00	*Marie Bouchet , enormous double flowers of a scarlet-crimson; extra fine.....	1 00
*Esther , rich rose, flowers large and very double.....	1 00	Mad. Comesse , brilliant salmon, enormous flowers.....	
*Erecta Multiflora (new) , double red.....	1 00	*Mad. de Dumast , flowers large, clear rose white centre.....	1 00
*Multiflora (new) , double white.....	1 00	*Mozart , large double, rosy-orange.....	1 00
*Multiflora (new) , double rose.....	1 00	Rosemonde , beautiful rose, large and double.....	1 00
*Multiflora (new) , all colors mixed.....	50	*Thalie , very neat, double, pure white flowers, fine.....	1 00
*Floribunda Compacta , very fine double bright scarlet flowers, rising well above the foliage.....	1 00		
*Gen'l Chanzy , beautiful rosy-magenta; a hybrid from <i>Davis</i> ; very fine.....	1 00		

NERIUMS.—Oleanders.

The following collection has been selected from the best European growers. I would remark that what they call double, in some cases are semi-double, and whilst young are disposed to give single flowers.

Nerium, Album Maximum , a very large and pure white semi-double.....	25	Nerium, Grandiflorum plenum , cherry-crimson, large and double.....	25
Atropurpurea plenum , deep cherry-crimson, shaded purple.....	30	Lilian Henderson , this beautiful Oleander is the most prolific bloomer and finest of the white-flowered varieties. The flowers are double, full petalled, rose-like in form, with a delicious perfume.....	25
Cardinale (Double) , rich double vermilion, lighter in centre of petals, one of the finest dark Neriums in cultivation.....	25	Luteum Novum (new) , fine new single, pale sulphur.....	30
Flavum duplex (new) , semi-double, pale sulphur, distinct.....	25	Madoni Grandiflorum (new) , beautiful semi-double, pure white-flowered, splendid, free blooming, superb.....	
Geant de Batailles (s.) , light blush centre, petals edged with crimson.....	25	Mad. Chas. Baltet , cherry-carmine, large and very double, a fine variety.....	25
Gloriosum (new) , flowers very large and double, of a brilliant cherry-crimson, extra fine.....	25	*Purpurea (new) , purple, double corolla.....	50
Jean d'Arc , pure white, single, occasionally semi-double, a most profuse bloomer, a very valuable variety; can be highly recommended.....	30	Souvenir de Claude Sahut , rich carmine, large and very double, very beautiful.....	25
*Luteum plenum (new) , pale sulphur, double.....	50		

PRIMULA OBCONICA.

A beautiful new *Primula* of the easiest culture. Nearly constantly in flower, but most profusely during the winter months. Flowers in large heads on long stems, white shaded with lilac, fragrant. 25 cents.

BOUVARDIAS.

For autumn and winter blooming plants the *Bouvardias* are well known to every florist. They are of the easiest culture, giving their rich colored flowers in great profusion.

Bouvardia, Alfred Neuner , double white, superior in profuse blooming quality to <i>Davidsonii</i>		Bouvardia, Bruentii , light creamy-blush, a new color, very distinct.....	
---	--	--	--

Bouvardia, Bride, large, shapely flower trusses, somewhat in the style of *B. Davidsonii*; color delicate shell-pink. 30 cents.

Candidissima, pure white.

Davidsonii or **Vreelandii**, the finest of all white Bouvardias, and of the free growth of its parent *Hogarth*.

Elegans, color a scarlet-carmine, flowers and trusses immense size.

Flavescens (new), flowers like *Jasminiflora*, but of a pale sulphur.

Floribunda, flowers orange-scarlet, very distinct and fine.

Hogarth, splendid raceme, rich scarlet, vigorous grower, fine habit.

Hogarth Florapleno, of free growth, large double corymbs of flowers, very profuse flowering. 25 cents.

Humboldtii Corymbiflora, the flower tube three inches in length, snow-white and exquisitely fragrant; very large flowers.

Jasminoides, a beautiful species in the way of *B. Longiflora*, with larger terminal and auxiliary racemes of fragrant snow-white flowers.

First size, 20 cents each; \$2.00 per dozen.

Second size, 15 cents each; \$1.50 per dozen.

Bouvardia, Longiflora, snow-white, long tube, beautiful.

Laura, bright pink.

Leiantha, dazzling scarlet.

Maiden's Blush, bluish-white; a fine light variety.

President Garfield, double pink, quite as free in profusion of flowers as the *Double White*.

Rosea Multiflora, bright rose.

Sang Lorraine, a free flowering variety, producing fine corymbs of large double flowers of a brilliant vermilion color. 25 cents.

Sanguinea, color crimson-vermilion; a very fine new variety.

Thomas Meehan, double scarlet.

Triomphe de Nancy, a vigorous and floriferous variety, with large compact corymbs of well-formed double flowers of a beautiful orange-salmon color. 25 cents.

V. Lemoine, the fine imbricated double flowers of this variety are of a fiery scarlet color, produced in large corymbs in the freest manner, the plant being extremely floriferous. 25 cents.

Volcan, a rich shade of crimson-scarlet.

SAUL'S DOUBLE CHINESE PRIMROSES.—*Primula Sinensis Pleno*.

	Each.		Each.
* Primrose, Mary C. Saul (<i>Saul</i>), a seedling raised in our establishment. The flowers are as large as a carnation, very double of the purest white fringed, habit strong and vigorous; the finest white <i>Primula</i> ever raised.....	1 50	is of great vigor. The flowers, which are fully as large, are of a rosy-crimson, fringed.....	2 00
* Grandiflora rubra , very large, double red.....	1 00	* Primrose, Winifred Lawley (<i>Saul</i>), this plant is of the same vigorous strain as the others, flowers fully as large and very double, the color is distinct and novel, a beautiful pink, shaded with lavender, fringed.....	2 00
* Fannie E. Saul (<i>Saul</i>), another of our seedlings, a counterpart in every particular of the last, except that the beautiful white blooms are occasionally flaked with vermilion, a magnificent flower.....	1 50	We recommend these beautiful <i>Primulas</i> to our patrons, believing them to be unequalled by any others in cultivation. Their merits are well-known to the florists of Baltimore and Washington.	
* Rosina M. Saul (<i>Saul</i>), this beautiful double flower is the style of the two last. The strain			

DRACÆNAS.—Dragon Tree.

Our rich collection of *Dracenas* has been awarded the first premium by the Maryland Horticultural Society for several years, and first premium at the "Cincinnati Exposition." For decorative purposes these plants are now extensively grown, their broad, dark, tropical foliage and graceful habit render them very appropriate.

Dracæna, Amabilis , leaf is bright glossy green, becoming beautifully marked and suffused with pink and creamy-white.....	50	* Dracæna, Gladstonei (new), a free growing variety, leaves broad, arching, dark bronzy-purple, striped crimson.....	1 50
* Alexander (new), a beautiful plant, foliage bright green, with variegations.....	1 00	Haageana , a very distinct variety, with green foliage.....	30 cts.
* Angustifolia (new), the leaves are arching, about 15 inches long by one inch broad, dark green, richly marked with bright crimson and rose color, margined with the same color.....	1 00	Hybrida , the older leaves are of a deep green, margined with bright rose; as the plant attains age, the latter formed leaves become entirely suffused with deep rose and creamy-white.....	50
Baptistii , the leaves are green, margined and irregularly and obliquely striped with narrowish creamy-white flakes, passing through pale pink to deep rose.....	50	* Kneckeii , deep green foliage, beautifully recurved; splendid decorative plant.....	50
Borhavi , vigorous grower, deep green, graceful foliage; fine decorative plant.....	50	Mad. Chas. Heine (new), elegant drooping leaves, an exceedingly graceful plant.....	1 50
Braziliensis , a robust growing species, with large, broad green foliage.....	50	* Mad. L. Bergman (new), fine, graceful foliage, colors early, a very rich crimson.....	1 50
* Danelliana (new), one of the best green varieties for decoration; stands rough treatment.....	1 50	Metallica , the leaves, together with the sheathing leaf-stalks, are of a uniform rich coppery-purplish hue when young, becoming a dark purplish-bronze when mature.....	50
Elegantissima , a deep bronze, with a metallic lustre, and very distinctly margined with bright crimson.....	50	Mooreana , the base of the leaf-stalk and the midrib are of a bright reddish-crimson color, which, in the leaf itself, changes to a glossy bronze.....	50
Ensifolia (<i>Dianella Ensifolia</i>), foliage green, fine window plant.....	50	* Mrs. R. Turner (new), fine, graceful plant, colors early and well, very bright colors.....	1 50
* Ernestii (new), dwarf, compact habit, colors early, of a rich, bright crimson.....	1 50	Nigricans , very dark foliage; a very distinct variety.....	50
Frederici , it has a compact yet graceful habit, a rich rosy-crimson color, a grand decorative plant; one of the most valuable, as it colors beautifully in a small state.....	50	Porphyrophylla , a noble stove shrub of erect habit, with bold, broadly oblong leaves of a fine deep bronzy-green color.....	30 cts.
Guilfoylei , the ground color is bright green; fully one-half the leaf, however, is striped with white and bright rosy-red, the latter color mostly forming the border in addition.....	50	* Renardii (new), dwarf, compact habit, colors early and very bright crimson.....	1 50
		Regina , leaves broad, arching, deep green, striped with white.....	50

	Each.
* <i>Dracæna, Pendula</i> (new), in the style of <i>Cooperii</i> , but much superior; graceful foliage, coloring very bright.....	1 50
<i>Spectabilis</i> , foliage long, green, very graceful.....	25 cts. to 50

CORDYLINE.

CROTONS.—(Codicæum.)

These ornamental plants are natives of the South Sea Islands; they are among the most beautiful of variegated plants, the leaves being blotched with yellow and red in various ways, which renders them the most attractive and valuable for decorative purposes. They are of the easiest culture, succeeding in any warm greenhouse.

Our rich collection of Crotons has been awarded the leading prizes by the Maryland Horticultural Society for some years, and first premium at the Cincinnati Exposition.

<i>Croton, Aurea-Maculatus</i> , a small leaved variety, deep but bright green, profusely spotted with golden-yellow.....	25 cts. to 50
<i>Andreana</i> , a variety of neat habit and free growth. The foliage colors in the most exquisite manner. One of the most beautiful.....	30 cts. to 50
<i>Bismarckii</i> , a deep green, with a broad band of golden-yellow and yellow markings, and a few slight yellow blotches over the surface.....	25 cts. to 50
<i>Bicornutum</i> , leaves irregular in shape, dark green, blotched and spotted with yellow, and having a horn-like extension of the midrib, which has given rise to its name.....	25 cts. to 50
<i>Chrysophyllum</i> , the upper ends of the shoots are almost entirely golden. The upper leaves are shorter than the lower, somewhat wavy-edged.....	25 cts. to 50
<i>Disraeli</i> , midrib and margin of a light yellow. As the foliage becomes older the yellow subsides to a bright orange-yellow. In the mature leaves the margin is a bright scarlet.....	25 cts. to 50
<i>Irregularis</i> , leaves broadest at the base; ground color dark green, midrib orange-yellow, with the upper surface of the leaf irregularly spotted and blotched with yellow.....	25 cts. to 50
<i>Johannis</i> , the leaves are from 20 to 24 inches long, narrow and pendulous, ground color bright green, the margins and midrib bright orange-yellow, a beautiful variety.....	25 cts. to 50
<i>Lord Cairns</i> , this has trilobate leaves. The foliage is a bright green, the midribs of a light yellow, blotched and spotted with the same color.....	25 cts. to 50
<i>Majesticum</i> , leaves from 12 to 18 inches long, when young the leaves are green, ribbed with golden-yellow, the green changing with age into a deep olive and crimson.....	25 cts. to 50
<i>Mooreanus</i> , color and markings are rich and distinct. The midrib and margin of a clear orange-yellow, crossed with bands and stripes of the same color.....	25 cts. to 50

	Each.
<i>Dracæna, Rossi</i> (new), free grower, fine foliage, colors of a bright, rich crimson; a fine variety.....	1 50
<i>Scottiæ</i> , a distinct and beautiful variety; the leaves spreading about 3 inches wide, of a deep green, with crimson edges; the young leaves freely variegated with pink and creamy-white.....	50
* <i>Sydneii</i> (new), fine foliage, colors early and bright, very beautiful.....	50
* <i>Superba</i> , the leaves are pendulous, arching, dark bronzy-green, margined and striped with bright crimson.....	50
<i>Terminalis</i> , foliage bright crimson.....	25 cts. to 50

Specimens and half specimens of all can be supplied during summer and autumn, suitable for exhibiting at Fairs, Flower Shows, &c., at moderate prices.

CORDYLINES.

<i>Cordyline, Australis</i> , a very long, narrow, graceful foliage.....	25
<i>Indivisa</i> , long, narrow and graceful foliage.....	25
<i>Lineata</i>	25
<i>Veitchii Rubra</i> , dark foliage.....	25

Australian plants of much grace and beauty, admirable for vases, single specimens on lawns, &c.

<i>Croton, Interruptum</i> , very long leaves, nearly an inch broad, midrib bright scarlet, shading to a golden-yellow.....	25 cts. to 50
<i>Multicolor</i> , leaves irregular in shape, light green blotched with yellow, changing to glossy green blotched with reddish-yellow and red, the midrib crimson.....	25 cts. to 50
<i>Nobilis</i> , long pendulous leaves. The colors are crimson, yellow, the crimson being predominant in the stems, footstalks of the leaves and midribs, where it is bordered by bands of deep golden-yellow.....	25 cts. to 50
<i>Picta</i> , foliage dark green, spotted with red and yellow.....	25 cts. to 50
<i>Spirale</i> , the spiral leaves are from 9 to 12 inches in length and pendulous; in a young state, the ground color is green, striped up the centre with a band of golden-yellow; with age they change to a deep bronzy-green.....	30 cts. to 50
<i>Variegatum</i> , leaves dark green, blotched and spotted with golden-yellow.....	25 cts. to 50
<i>Rubrum</i> , leaves dark green, striped and spotted with red and golden-yellow.....	25 cts. to 50
<i>Veitchii</i> , the leaves attain a length of 12 to 14 inches, and are traversed by broad bands of creamy-yellow, which change with age into rose and carmine-purple.....	25 cts. to 50
<i>Volutum</i> , the leaves being rolled up from the end in a volute, after the manner of the curving of a ram's horn. A golden bar runs down the centre and coalesces with the golden margin.....	25 cts. to 50
<i>Wiesmannii</i> , leaves about a foot long and three-fourths of an inch wide; ground color shining bright green striped and mottled with golden-yellow.....	25 cts. to 50
<i>Youngii</i> , leaves from 1½ to 2 feet in length, deep red underneath, upper surface dark green, densely blotched and suffused with creamy-yellow and bright rosy-red.....	50

Specimen and half specimen plants of all can be supplied during summer and autumn, suitable for exhibiting, at moderate prices.

HIBISCUS ROSA SINENSIS.—Chinese Hibiscus.

(All are Magnificent Plants for Bedding Out.)

	Each.		Each.
Hibiscus, Collierii, flowers are of a buff-yellow, with a crimson-scarlet base, and are particularly handsome.....	20	Hibiscus, Miniata Semi-Pleno, brilliant flowers of a vermilion-scarlet color, darker towards the base of the petals; semi-double.....	20
Cruentus, the flowers are compact and double, of a remarkably rich crimson-red, and having a strikingly showy character.....	20	Puniceus, the flowers are double, neat and compact, of a very elegant crisped appearance, color bright dense crimson.....	20
Carminatus perfectus, flowers nearly 5 inches across, of a rich soft carmine-rose, with a deep crimson eye.....	20	Rosa Sinensis, flowers deep crimson, single.....	20
Cooperii tricolor, beautifully variegated in foliage and flowers.....	25	Variegata, leaves beautifully variegated with white.....	20
Decorus (new), enormous flowers of a beautiful rosy carmine.....	25	pleno rubra, double crimson.....	20
Fulgidus, flowers very large, composed of fine, broad, round and beautifully undulated petals, of an intense carmine-scarlet.....	20	Jaune, double yellow.....	20
Grandiflora, this is a beautiful new plant in the way of the fine old plant <i>H. Rosa Sinensis</i> , it has very large flowers of rosy-crimson.....	20	Aurantica, double orange.....	20
Lambertii, flowers large, of a deep crimson, very fine.....	25	Schizopetalus, one of the most remarkable varieties of <i>H. Rosa Sinensis</i> ; the petals are deeply lacinated and fringed as are the petals of <i>Mignonette</i> , <i>Clarkia</i> , &c. Its drooping flowers with reflected orange-red, and lacinated petals render this plant not only a curiosity, but highly valuable as a decorative plant.....	25
Lucien Linden, the flowers are large and very double, of a pale yellow color, beautifully streaked with spots and lines of brilliant red.....	25	Subviolaceous (new), flowers enormous, semi-double, rich carmine tinted with violet.....	25
Magnificus, a grand variety of this fine plant. Flowers rich crimson magenta.....	25	Van Houttii (new), another magnificent flower, large, of a deep crimson, extra fine.....	25
		Zebrinus, a very distinct and handsome variety with double flowers, which are beautifully flaked and striped; scarlet edged with creamy yellow.....	25

Price \$2.00 per dozen.

PUNICAS.—Pomegranates.

Punica, Alba Pleno, double white.....	20	Punica, Nana Improved, it blooms freely in a small state, and larger specimens are sheets of bloom. Being such a profuse bloomer, it is exceedingly desirable from its rich color, brilliant orange-scarlet.....	25
Legrelliae Pleno, reddish yellow, bordered with white, very double, splendid.....	20		
Rubra Pleno, double red.....	20		
Prolifera, a profuse flowerer.....	20		

GARDENIAS.—Cape Jasmine.

The Cape Jasmine is well known for its delicious fragrance, as well as the beauty of the flowers, which are large, white and double.

Gardenia, Citriodora, single white, very fragrant.....	50	Gardenia, Radicans, profuse bloomer, double white.....	40
*Globosa, a native of Natal, a free flowering shrub, having lance-olate glabrous leaves. The large white funnel-shaped fragrant flowers are terminal, the tube broad, an inch long, hairy at the mouth, and with the spreading limb an inch and a half across.....	75	Camelliflora, large double white.....	50
		Florida, large double white.....	50
		Major, very large double.....	50
		Majestica, very large double white.....	50
		Fortunii, fortune's large double white.....	50

SWEET SCENTED VIOLETS.

Violet, Belle de Chatenay, new double white violet. The flowers are pure white, most delicately perfumed.....	20	Violet, Marie Louise, very fine double flowers, purple, with white centre; forces well.....	20
Comte de Brazzas Blue, flowers in the way of Marie Louise, deep color, very fine.....	20	Marie de Savoy, the largest of Violets, deep blue with a white centre; very fragrant.....	20
Comte de Brazzas White, very large, deliciously fragrant, free, singular habit to Neapolitan.....	20	Mad. Millet, of a distinct rose color, shaded with lilac, very fragrant.....	20
Czar (single), very large, purple, hardy and fragrant.....	25	New York, mauve-purple, large and fine.....	25
White (single), a pure white variety of the last, very desirable.....	25	Princess Louise, double white, fine.....	25
De Parma, pale lilac-blue, extra large.....	25	Swanley White, a magnificent variety, flowers large, double, pure white, deliciously scented..	25
Duchess of Edinburgh, delicate lavender-mauve tinted with azure, white centre, very large and sweet.....	25	Schœnbrunn, ever blooming, single dark blue, very hardy.....	25
Devoniensis, single purple, very fragrant.....	25	Venice, very light purple.....	25
Double Blue Neapolitan, light blue.....	25	Victoria Regina (Lees), this is a most beautiful single violet, pale blue.....	25
		Price 15 cents each, \$1.50 per dozen (save where priced). Large plants in autumn, 25 cents each, \$2.00 per dozen.	

LAGERSTRAEMEA.—Crape Myrtle.

Lagerstræmea, Indica Alba, white Crape Myrtle, a very beautiful shrub.....	25	Lagerstræmea, Indica New Crimson, bright deep crimson, no variety hitherto introduced approaching it in color; a profuse bloomer, giving immense heads of its rich flowers.....	25
Indica Rosea, rose or pink, the variety generally grown.....	25	The Crape Myrtle is well known in this latitude and South as our most beautiful summer flowering hardy shrub. North, it will need protection.	
Purpurea, a bright purple, a vigorous grower and free bloomer.....	25		
Magenta, color a bright magenta.....	25		

NEW AND RARE HARDY TREES AND SHRUBS.

	Each.		Each.
<i>Abelia Rupestris</i> , a dwarf compact shrub, flowers pure white in long racemes during summer and fall: a beautiful shrub, quite hardy.....	20	<i>Deutzia Watererii</i> , the result of a cross between <i>D. Gracilis</i> and <i>D. Crenata</i> ; having the free habit of the latter parent, its flowers are large, of the purest white, and borne in the greatest profusion.....	50
<i>Acer Polymorphum</i> , dwarf Japanese Maple, 25 to 30 feet high, foliage deep purple shaded with clear t; a beautiful variety.....	\$1 to 1 50	<i>Wellisia</i> , same parentage as above and same habit; its flowers are full double, and of the same purity as those of <i>D. Gracilis</i> . Two most desirable new shrubs.....	50
<i>*Castanifolia</i> , a very distinct and handsome Maple.....	1 50	<i>Dimorphanthus Manchuricus</i> , this has been introduced from Manchuria, and therefore is perfectly hardy. Its handsome multifid leaves are about a yard in length and as much in breadth, similar to <i>Aralia Japonica</i>	50 cts to 50
<i>*Dissectum</i> , foliage similar to the above, but deeply cut.....	\$1 to 1 50	<i>Enkianthus Japonicus</i> , a pretty new Japanese shrub.....	50
<i>*Japonicum</i> , of slow compact growth, with large leaves; a very distinct and handsome species.....	\$1 to 1 50	<i>Euonymus Sieboldii</i> , a very beautiful species, ever green in this latitude: flowers in August or September, followed with pretty berries, orange colored, whitish pods.....	25 cts to 50
<i>*Palatifidum Atropurpurea</i>	\$1 to 1 50	<i>Eurya latifolia Variegata</i> , a beautiful variegated shrub, nearly hardy.....	50
<i>*Reticulatum</i> , deeply lobed leaves, reticulated with white and yellow.....	\$1 to 1 50	<i>Sieboldii</i> , green foliage.....	50
<i>*Rosea Maginatus</i> , leaves tipped and edged with rose.....	\$1 to 1 50	<i>Exochorda grandiflora</i> , finely shaped shrub, with a profusion of the most lovely pure white flowers; blooms in the spring.....	30
<i>*Rosea Pictis</i> , foliage deep and finely cut.....	\$1 to 1 50	<i>*Alberta</i> , a new species.....	75
<i>*Rufa Nerva</i>	\$1 to 1 50	<i>Gelsemium Sempervirens Pleno</i> , double flowered Carolina Jasmine; an exceedingly beautiful climber; rich yellow flowers.....	50
<i>*Sanguineum</i> , blood leaved, deeply lobed leaves; a rich colored and very beautiful Maple.....	1 50	<i>Gordonia pubescens</i> , flowers from July to the end of September; beautiful white magnolia-like flowers.....	50
<i>Althea Coelestis</i> (Rose of Sharon, Hibiscus Syriacus), a distinct and beautiful variety with single blue flowers.....	40	<i>Japanese Persimmon (Diospyros Kaki)</i> , fine varieties.....	50
<i>Andromeda Arborea</i> or (<i>Oxydendrum</i>) Sorrel Tree, a rare American small tree, known in Europe as Lily-of-the-Valley Tree, from the resemblance of its blossoms to that lovely flower.....	30 cts. to 50	<i>Hydrangea Pekinensis</i> , new hardy Hydrangea; a very handsome shrub.....	50
<i>Aralia Seiboldii</i> , a very handsome evergreen with large, shining, green leaves, nearly or quite hardy: a fine decorative plant.....	25 cts. to 50	<i>Hypericum Patulum</i> , flowers in bunches, pale yellow and of great substance, resembling much in appearance the beautiful <i>Gardenia Jovinea</i>	25
<i>*Azalea Ghent</i> , in varieties, finest from seed.....	50 to 1 00	<i>Japonicum</i> , a pretty dwarf plant, flowers golden-yellow.....	25
<i>*Mollis (Japanese)</i> , in variety, very beautiful and hardy, with flower buds.....	50 cts. to 1 00	<i>Triflorum</i> , very large golden-yellow flowers, one of the very finest Hypericums.....	50
<i>Berberis Thunbergii</i> , a dwarf bushy shrub, covered during winter with bright coral berries, a beautiful shrub.....	30	<i>Idesia Polycarpa</i> , a very beautiful new Japanese tree. The flowers are of a yellowish-green. They are deliciously fragrant, their odor resembling that of a <i>Vanda</i> . These are followed by numerous orange berries, about as large as a small cherry.....	50
<i>Integerima</i> , another handsome dwarf <i>Berberis</i>	30	<i>Ligustrum Japonicum Tricolor</i> , a very fine variegated shrub, centre of leaf green, broadly margined with silver.....	25
<i>Cedrela Sinensis</i> , a very beautiful hardy tree of rapid growth, from north of China, with large foliage similar to <i>Ailanthus</i> , and yellowish bark. This is a very handsome new tree, very desirable for gardens, lawns, cemeteries, &c.....	30 cts. to 50	<i>Quihoui</i> , a new Japanese species with small foliage, very distinct and pretty shrub.....	25
<i>Chestnut Japanese</i> , large fruited.....	50	<i>Lonicera Planterensis</i> (new), climbing species, 25	
<i>Chimonanthus (Calycanthus) Fragrans</i> , blooms during winter, exceedingly fragrant; hardy in this latitude and South.....	30	<i>Magnolia grandiflora</i>	50 cts. to 2 50
<i>Circodaphyllum Japonicum</i> , a pretty Japanese tree.....		Many other beautiful Magnolias.....	
<i>Clerodendron Viscosissima (Bungeana)</i> , this is a handsome hardy shrub from Northern China: the flowers emit a delicious perfume; flowers lilac-rose, in dense terminal corymbs, a very desirable new shrub.....	30	<i>Muhlenbeckia Complexa</i> , an exceedingly pretty trailing plant, with small round leaves thickly set upon the branches, having very much the appearance of a <i>Maiden Hair Fern</i>	25
<i>Climbing Hydrangea (Schizophragma, Hydrangeoides)</i> , this is described as clinging to trees to the height of 50 feet, producing corymbs of white flowers of the size of ordinary Hydrangeas. It clings exactly like ivy.....	25	<i>Neviusia Alabamensis</i> ("Snow Wreath"), a new native shrub of great beauty. It occurred in thickets under a long escarpment of rock, and, when in full bloom, looked like a snow wreath. In its native place it had a southern exposure at the base of a high cliff, and at an elevation above the tops of the trees below; at that place I have seen virgate wreaths of it 3 feet long covered with bloom.....	30
<i>Coculus Carolinianus</i> , a rapid growing climber, perfectly hardy. It produces racemes of vivid scarlet berries, which hang on the vines all winter.....	25	<i>Othra Japonica</i> , a beautiful Holly-like evergreen from Japan, hardy south.....	50
<i>Crataegus Lalandi</i> , a variety of <i>Pyracantha</i> , much superior to the type, has deeper colored berries and a more compact and better habit.....	25	<i>Philadelphus Yokohama</i> , much the handsomest of all the Mock Oranges. It is of free growth, and produces its large, pure white, sweet-scented flowers in drooping wreaths 3 to 4 feet long. It is also the latest bloomer.....	50
<i>Daphne Cneorum</i> , a dwarf trailing evergreen, with rosy-crimson flowers extremely fragrant.....	50	<i>Pæonia Moutan Banksia</i> , double Chinese Tree Peony. A magnificent flowering shrub, quite hardy.....	50 cts. to 1 00
<i>Genkwa (Japan Daphne)</i> , an exceedingly beautiful small shrub, with long downy twigs, which in spring, before the leaves appear, bear violet colored fragrant flowers about an inch long; one of the most beautiful of early flowering shrubs.....	50	<i>Perottia Persica</i> , one of the rarest of shrubs, the foliage, which is retained till late, colors beautifully in autumn and early winter.....	1 00
<i>Desmodium Japonicum</i> , a pretty dwarf Japanese shrub, which is quite hardy. Its drooping branches are entirely hidden by millions of its white flowers, which are freely produced from August to beginning of winter.....	25		
<i>Penduliflorum</i> , similar to the last, with purple flowers.....	25		

	Each.		Each.
Philodendron Amurensis , a pretty medium sized tree from the Amour, pinnated foliage, produces the Siberian Cork. "In autumn the coloration of the leaves, which is bright red, is very fine. It retains its foliage very late".....	50	Styrax Japonica , this is one of the finest hardy shrubs, of vigorous compact growth; blooms early and most profusely; the plants are sheets of bloom, which are pure white, most charming, admirably adapted for cemeteries.....	25
Phyllirea Vilmoreana , a beautiful hardy evergreen.....	75	Grandifolia , a fine native <i>Styrax</i>	25
Prunus Pessardi , rich deep purple foliage. Fruit bright crimson from the time it is set. Very sweet.....	25	Syringa (Lilac), <i>Hyacinthiflora pleno</i> . A magnificent double flowered lilac; large thyrses of rich double lilac flowers.....	50
Pyrus Maulei , this desirable new fruit is allied to the <i>Japanese Quince</i> . The fruit is of the size of a moderate Quince, of a bright apricot color, and makes a rich preserve. The flowers, which are produced in great profusion, are of a most brilliant orange-scarlet color.....	50	Lemoinei pleno , another magnificent double flowered lilac, with immense thyrses of delicate rose-colored flowers; a grand and exceedingly beautiful plant.....	70
Japonica Alba Semi-pleno , semi-double white Japan <i>Pyrus</i>	50	Rubella pleno , immense thyrses of double mauve-colored flowers; a grand variety.....	50
*Nivalis (Veitch), purest white, a lovely shrub, <i>Pterostyrax Japonica</i> , a new Japanese shrub.....	50	Renoncule , very double, <i>Ranunculus</i> -shaped, color azure-mauve, immense thyrses, very fine, Weeping Mulberry	50
*Rhododendron Catawbiense , finest seedlings, 1 to 2 feet.....	1 00	Dogwood	75
*Catawba grandiflora , 2 to 3 feet, bushy.....	2 50	Wiegelia-Beranger , flowers crimson, very free.....	25
*Caucasica Alba , white.....	1 50	August Wilhelm , (new), rosy-amarant.....	25
*Maxima , large leaved, 1 to 2 feet.....	1 00	Candida (new), the finest and purest white.....	25
*Maximum rubrum	1 00	Ed. Andre , a very beautiful new variety, interior of flower purple, exterior very dark blackish-purple.....	20
*Punctatum , a very rare species.....	1 00	De Jussieu , rosy-carmine, yellow centre.....	25
*Finest named Hybrids , with flower buds.....	2 00	Gavarni , beautiful rose-carmine.....	25
*Sciodypythis Verticellata (Umbrella Pine), the most distinct and beautiful of Pines. Every lover of Evergreens should grow it.....	1 00	Grandiflora Alba , a grand flower, purest white, <i>Incarnata</i> , a beautiful bright colored variety.....	20
Spirea Bumalda , pure white.....	25	Jean Mace , purple.....	20
Conspicua , a very showy new <i>Spirea</i>	30	John Standish (<i>Japonica</i>), large flowers of purplish-crimson.....	20
Crispifolia , bright rose.....	25	*Montesquieu (new), reddish-crimson, fine.....	25
Rotundifolia Alba , pure white.....	25	Othello , carmine.....	25
*Staphylea Colchica , a very beautiful hardy shrub, flowers in early spring, pure white in clusters. Forces well.....	50	*Voltaire (new), reddish-purple, spotted yellow.....	25
*Stuartia Pentagynæa , a scarce and beautiful native shrub, with large, pure white flowers, very desirable, quite hardy.....	50	Zanthoceras Scorbifolia , this is one of the most beautiful hardy shrubs. Flowers during April at the same time as the leaves, and are disposed in racemes which attain a height of eight inches. They are white, having a slight fleshy tint and reddish-copper colored at the base, shading off to a purple-violet.....	40

CLEMATIS.

Among the most beautiful of climbing plants are the Clematis—whether trained over lattice work, on pillars, or trailing on the ground. There can now be found among them great variety of colors; all are profuse bloomers and quite hardy; mostly in one and two year old plants.

WARRENTON, VA., May 25th, 1888.

MR. SAUL:—I wish you could see my Clematis which I got from you. They are the show of the country.

Yours, &c.,

VIRGINIA LOMAX.

CLASS I.

Perpetuals, summer and autumn bloomers flowering on shoots of the same year's growth, raised between *Lanuginosa* and *Viticella*, except those marked with (s), which are species.

Clematis, Alba Magna (new), large, pure white flowers; a magnificent Clematis.....	50	Clematis, Devoniensis , flowers large, delicate azure-blue, very tree bloomer, extra.....	40
Alexandra , large flowers, color reddish-violet, blooms finely through the summer.....	50	Duke of Edinburg , this is a fine variety, flowers large, six-sealed, of a rich violet-purple. One of the most attractive.....	50

Candidum, snow-white, with broad lemon-yellow blotch.
Gibsonii, fine dark blue flowers.

Plectopoma, Great Eastern, large light rose flowers, whitish macule, pointed with carmine.

Gloxinaëflora, large white flowers, throat golden-yellow blotched with scarlet.

Rollisonii, fine pale blue flowers.

Price 25 cents each; \$2.50 per dozen.

GLOXINIAS.—Class 1.

The varieties of this genus are all very handsome, producing abundance of magnificent flowers of a most beautiful description. The tubers should be potted in February or March. Place in a little heat to start them into growth; water sparingly till the plants are well established. When in bloom bring them into the conservatory or drawing-room. After the plants have done blooming dry gradually off, by withholding water from their roots; afterwards remove them to a warm, dry place.

The following are superlatively beautiful:

Those marked thus (e) have erect flowers.

Gloxinia, Agnes M. Saul (*Saul*), light crimson scarlet, large flower, very fine.
Byron, white ground; the margin of the limb is amaranth festooned with purple.
Baron A. de Rothschild (*e*), very large and of fine form, white, completely reticulated and spotted with carmine.
Cardinal de Richelieu (*e*), creamy-yellow, throat spotted with purple and orated with a rich violet and crimson.
Cinderella (*e*), pure white with pink band, most beautiful.
Duplex.
Duchess of Teck, large drooping flowers of a rich magenta, shaded with maroon; the ground color is lighter at the edge of the lobes.
Ernst Banary, dark lavender, mottled with white; a beautiful flower.
Eclipse (*e*), rosy crimson with lighter margin, very bright: throat violet.
Francis Saul (*Saul*), blue, with a deep purple throat, a large finely formed flower.
Fontenelle, purple throat, light margin.
Henry Husson, white, with a lavender lip, a large showy flower; beautiful.
Harry Veitch, violet, throat lavender.

Price 25 cents each; \$2.50 per dozen.

Gloxinia, Jos. Souleary, deep crimson, white margin, very beautiful.
La France, white, striped with claret-red at the orifice of the corolla, lobes dotted with lilac.
Lancelot, very rich deep purple, extra.
Madame Hatti, fine scarlet flower, throat deep red shaded with purple, slightly blotched with white, margin rosy scarlet.
Miss Hannah de Rothschild, large white, tinted with purple; throat purple shaded mauve, lower part creamy white.
Milton (*e*), indigo shaded violet; the lobes have a white margin spotted with violet.
Mrs. Wm. Bull, rosy red flaked and bordered with white.
President Cleveland (*Saul*) (*e*), a large and beautiful flower, rich vermilion, throat speckled.
Prince Arthur, a large deep purple flower, the two upper lobes and margin light purple.

Scarlet Gem, crimson scarlet, extra fine.
Sang Gaulois (*e*), a rich bright red color with golden reflections; dull red throat.
Theresa Saul (*Saul*), white, with crimson lips, fine.
Zoroaster (*e*), large fine flower; bright rose.

NEW GLOXINIAS.—Class 2.

Gloxinia, Amethyst (*e*), azure blue, lighter towards the edges of the lobes; throat white.
Andre Vesale (*e*), white ground spotted all over with purple, very fine.
B. S. Williams, flowers very squat, very intense fiery vermilion.
Bayard (*e*), beautiful lilac crimson, throat spotted.
Bijou.
Cleopatra, very dark scarlet-crimson; throat spotted.
Cygnat (*e*), pure white, the lobes broadly margined with soft pink; very pretty.
Diamant.
Guzman (*e*), white dotted with violet.
Hydra (*e*), white margined with pale rose, marked with bright rose at the intersections of the lobes.
Jeanne d'Arc.
Jonathan (*e*), white ground, with a bar of delicate lavender on each petal.
Lemoinei, purple, white margin. light throat.
Louis Castie (*e*), a very large flower, throat pure white, broad violet margin.

Price 50 cents each; \$4.50 per dozen.

Gloxinia, Livingston, rich velvety crimson, shaded with violet and margined with rosy lilac; creamy throat shaded with rose.
Malabar, lobes pale rose; centre of lobes and mouth bright crimson; light throat shaded with violet.
Modiola (*e*), deep rich velvety crimson, margined with rose, the mouth being shaded with dark maroon; light throat, freckled with crimson.
Mad. Bleu.
Mogul.
Perle.
Rubis (*e*), velvety cherry red, tube rosy white.
Sabrin, intensely deep crimson, the lobes margined with pale rose; light throat freckled crimson.
Stanley (*e*), white, entirely streaked with violet, blotched with carmine at the intersection of the lobes, throat straw yellow, spotted with carmine rose.
Thalia, throat white spotted with crimson, limbs stained with pale mauve, spotted, purpled and bordered with white.
Vicomte de Condeixa.

DAHLIAS.—General Collection.

SHOW FLOWERS.

Our collection of Show Flowers have received first premiums at the Maryland Horticultural Society's Exhibition for several years past, and at the Cincinnati Industrial Exposition. Our collection of this beautiful flower is unrivalled. We import annually all the new varieties of merit, and none are retained in our collection that do not come up to the standard of perfect flowers. It now embraces all the finest Show Flowers in cultivation. Dry pot roots of most can now be supplied, or strong plants in May; either can be sent by mail.

Price, 3-inch pots, 25 cents each, \$2.50 per dozen; 4-inch pots, 30 cents each, \$3.00 per dozen; 5-inch pots, 40 cents each, \$4.00 per dozen (save where priced). Extra sizes extra prices.

Azalea Indica, Massellenis.

Mad. Jean Nuytens Verschaffelt (new), white relieved with a yellowish spot, a fine large flower of good form and substance.
Magnifica Alba Pleno, a magnificent double white variety.
Marquis of Lorne, beautiful orange, with large lobes and saffron-yellow blotch.
Meteor, bright rose, very double.
Mont Blanc, a very fine variety, with double flowers, pure white.
Narcissiflora, double white, very early.
Princess Louise, shining tender rose, festooned with pure white, large carmine spot.
Queen of Double Whites, finely formed of the purest white.
Queen of Double Stripes, a beautiful double white flower, occasionally coming elegantly tipped and streaked with rose.
Queen of Whites, finely formed, of the purest white.
Reine des Roses, deep clear rose, red spots, large and attractive.
Roi de Beantes, light salmony-rose, suffused with violet, edged with white, double.
Sakuntala (new), very double, of the purest white, a grand variety. 50 cts.
Splendidissima, white ground striped with carmine.
Senator Kestler, rosy-crimson, very fine shape.
Souv. d'Arthur Veitch (new), crimson-salmon, dark red blotch, very large, single. 50 cts.
Souv. de F. Vervaeke (new), pure white, single, very large. 50 cts.
Sigismund Rucker (new), lilac-rose, strongly netted and bordered with white, saffron-red blotch. 50 cts.
Souvenir du Prince Albert, large double flowers, lobes half white and half rose, edges pure white.
Stella, bright scarlet, deep violet-satin on upper petals.
Versicolor, large, white striped, and sprinkled with carmine.
Virgin Queen, pure white, fine form.
Vittata Crispiflora, white, striped with purple and crimson.
Virginalis, pure white, edge of flowers frilled.

AZALEA AMÆNA AND VARIETIES.

The varieties of *A. Amœna* bloom early and are very desirable for greenhouse culture or for forcing. They are nearly or quite hardy in this latitude.

Azalea, Amœna, bright rosy-purple, flowers small, hose-in-hose fashion, very distinct, quite hardy.
Caldwelli, a very beautiful variety of flowers, bright Indian red.
Mrs. Carmichael, a hybrid between *Amœna* and *Stella*, color a rich magenta, shaded with crimson.
Princess Beatrice, light mauve, slightly spotted in the upper petal segment, flowers round and of good shape, sometimes produces double flowers.
Prime Minister, flowers small, produced in clusters of from three to five or more, of a soft pink, with a deeper shade of the same towards the base.

Price, 3-inch pots, 25 cents each, \$2.50 per dozen; 4-inch pots, 30 cents each, \$3.00 per dozen; 5-inch pots, 40 cents each, \$4.00 per dozen.

***Azalea, Obtusa**, a beautiful variety of *Amœna*, from Japan, with orange-scarlet flowers.
Princess Maud, a very profuse flowering variety, the principal color being magenta, richly shaded with warm rose, a bold striking flower.
***Rosaflora** (Hollisou), a very beautiful species with double flowers, well-filled in the centre, of a bright rosy-salmon, well-imbricated, a superb plant. 75 cents.
Wm. Carmichael, a charming variety, rich carmine shaded with magenta, the upper segments beautifully spotted.

SELAGINELLAS.—Lycopodium.

	Each.
Selaginella, Caulescens	20
Cæsia , surface like shot silk.....	20
Cæsia Aboreum (leavigata).....	25
Cordifolia	20
Cuspidata (pallescens and circinalis).....	20
Denticulata , dense habit.....	10 cts. to 20

Filicina	20
Krausia Aurea , the whole plant is of a rich golden color, beautiful.....	10 cts. to 25
Martensii , compact habit.....	10 cts. to 20

	Each.
Selaginella, Martensii Variegata , tips of all the growth white.....	10 cts. to 20
Paradoxa	20
Plumosa (viticulosa).....	25
Pouterii , neat compact habit.....	20
Rubicunda	25
Stolonifera	10 cts. to 25
Triangulare	20
Wildenovii (Pubescens), more fern-like than the other species.....	25

BEGONIAS.

Varieties of dwarf growth, cultivated chiefly for their beautiful foliage. Principally of the Rex type.

Begonia, W. E. Gumbleton, a beautiful hybrid between *Rex* and *Discolor*. 25 cents.
Bettine Rothschild.
Fire King (new), foliage very bright. 50 cents.
Feastii.
Grace Fahnestock, neat foliage.
J. L. de Boucher.
Louis Schwatzer, beautifully marked foliage.
Louis Chretien, a very distinct variety.
Metallica, veins of a dark metallic hue.
Marshallii.
Manicata.
Mrs. H. Low.
Negro, very dark foliage.
Philadelphia, fine.
Queen of England.
Rex.
Robt. Buist.
Smaragdina, green.
The O'Donohue, finely marked.
 Price 15 cents each; \$150 per dozen (save where priced).

BEGONIA.

The following species and varieties are of taller growth, cultivated chiefly for their flowers:

Begonia, *Argyrostigma Picta*, green spotted with white.
Coccinea (Corallina), a very beautiful species, a free bloomer, color a bright scarlet.
Evansiana, a beautiful species.
Foliosa, drooping species, light pink flowers.
Fuchsioides alba, white-flowered.
Gibsonii, this variety has double flowers.
Glaucochrylla Scandens (climbing *Begonia*), a beautiful climbing species, admirable for hanging baskets.
Hybrida Multiflora, scarlet.

Begonia, *Imperialis*.
Incarnata, flowers pink.
Nitida, flowers pure white.
Nigricans, dark shining crimson foliage, flowers pink.
Odorata, sweet-scented.
Palmata, palmated.
Parnelli, foliage light green, beautifully spotted with white.
Saundersonii, scarlet.
Weltoniensis, pretty waxy-pink flowers.
Washingtoniana, a winter bloomer, flowers white.

Price 15 cents each; \$150 per dozen.

FERNS.

	Each.
<i>Fern</i> , <i>Adiantum Gracellinum</i> , a most elegant Fern, with very light and graceful fronds; the fronds are about a foot long and nine inches across, are thin and fragile.....	50
<i>Adiantum</i> , <i>Amabile</i> , a very elegant species, with fronds of a beautiful light green, attaining the height of from 15 to 18 inches.....	50
<i>Bellum</i>	25
<i>Capillus-veneris</i> , Maiden's Hair.....	25
<i>Capillus Veneris incisum</i> , a distinct and pretty variety of this lovely Maiden Hair.....	50
<i>Capillus Veneris magnifica</i> , a large and magnificent variety of this beautiful Maiden Hair.....	50
<i>Cardiochloena</i> , a free growing and very beautiful <i>Adiantum</i>	50
<i>Concinnum</i>	25
<i>Latum</i>	25
<i>Colpodes</i>	20
<i>Cuneatum</i>	25
<i>Decorum</i> (Wagnerianum).....	25
<i>Edgeworthii</i> , a very distinct and beautiful <i>Adiantum</i>	50
<i>Excisum Multifidum</i>	25
* <i>Farleyense</i> , the most magnificent variety of this handsome family; the fronds are of a size and form of <i>A. Trapeziforme</i> , but pendant, and all the large pinnules are deeply fringed and crisped.....	1 00
<i>Formosum</i>	25
<i>Macrophyllum</i>	25

	Each.
<i>Fern</i> , <i>Adiantum</i> , <i>Magnificus</i>	25
<i>Adiantum</i> , <i>Pubescens</i>	20
<i>Peruvianum</i> , a magnificent species, rivaling the well-known <i>A. Trapeziforme</i> in the size of its pinnules, and surpassing it in the elegance of its large compound drooping fronds.....	50
<i>Princeps</i> , a very handsome and distinct <i>Adiantum</i> from New Grenada, with long arching fronds; pinnules large and closely set upon the rachis; of a pleasing green.....	50
<i>Sanctæ Catherinæ</i> , the fronds are from one to two feet in height and decompound. It is a very grand plant, and succeeds well in a warm greenhouse.....	50
<i>Setulosum</i> , a distinct and handsome Maiden Hair.....	25
<i>Species from New Mexico</i> , a very distinct and handsome species.....	50
<i>Trapeziforme</i>	25
* <i>Veitchii</i> , an extremely ornamental Fern, very symmetrical in its growth. The young fronds are very beautiful, being of a fine red color; that of the mature fronds a pale green.....	50
<i>Alsophylla Australis</i> , Australian Tree Fern, \$1.00 to \$2.00 each.	
<i>Athyrium Goringeanum pictum</i>	25
<i>Asplenium Belangerii</i>	25
<i>Aculeatum</i>	25
<i>bifidum</i>	25

	Each.		Each.
Fern, <i>Asplenium bulbiferum</i>	25	Fern, <i>Lastrea Aristata Variegata</i> , of a rich dark green color, the variegation consists of a band of pale yellowish-green, which runs down the centre of the pinnae, and includes the midrib.....	25 cts. to 50
<i>Asplenium, Cicutarium</i>	25	<i>LOMARIA GIBBA</i>	25 cts. to 50
<i>Flaccidum</i>	25	<i>CILIATA</i>	25 cts. to 50
<i>Formosum</i> , a very beautiful Fern.....	30	Dwarf tree Ferns of great beauty, which cannot be too highly recommended to all lovers of this beautiful class of plants.....	
<i>Longissimum</i> , a very useful basket Fern; its pendulous fronds are often from 5 to 7 feet long, and are produced in great abundance.....	25 cts. to 50	<i>Lygodium palmatum</i>	20
<i>Macrophyllum</i>	25	<i>Microlepia Hirta Cristata</i> , an exceedingly graceful Fern and of free growth. The fronds are very graceful, and it makes a remarkably beautiful specimen for a pot.....	25
<i>Obtusilobum</i>	25	<i>Nephrolepis Exaltata</i>	25
<i>Viviparum</i>	25	<i>Davallioides (Furcans)</i> , a beautiful crested variety of the Java Fern <i>Davallioides</i> . It is a noble fern, of robust growth, sending forth, as from a central tuft, numerous arching fronds from 3 to 4 feet long.....	25 cts. to 50
<i>Blechnum Brasiliensis</i>	25 cts. to 50	<i>Pectinata</i>	25
<i>Cibotium Schiede</i>	50	<i>Onychium Japonicum</i>	25
<i>Davallia</i>		<i>Polypodium (Hare's Foot Fern)</i>	
<i>Bullata</i>	25	<i>Aureum (Phlebodium)</i> , a very distinct Fern, Karrudianum, drooping Fern from Sandwich Islands.....	25
<i>Mooreana</i> , a most beautiful Fern. The fronds are from 2 to 3 feet long, and from 1 to 2 feet wide at the base, triangular and pointed, of a graceful arching habit of growth, and most elegantly cut.....	30 cts. to 50	<i>Plumosum</i>	20
<i>Maresii</i>		<i>Pellaea Andromedaeifolia</i>	25 cts. to 50
<i>Cristata</i>		<i>Polystichum Aristata Variegata</i>	
<i>Polyantha</i>	25	<i>Pteris Argyraea</i>	25
<i>Tyermanni</i> , one of the most beautiful of all the Hare's Foot Ferns, of dwarf compact habit, having rich dark green fronds.....	30	<i>Cretica alba-lineata</i>	20
<i>Pyxidata</i>	25	<i>Geraniifolia</i>	25
<i>Dennstaedtia Davallioides Youngi</i> , under pot culture it has caudices as thick as one's finger, and fronds 7 or 8 feet in length. To this stout and vigorous constitution, it adds the elegance and gracefulness of minute subdivision, so that its fronds, though large, are utterly devoid of coarseness; while growing to a large size, it is one of the most finely cut of all the large growing sorts.....	50 cts. to 1 00	<i>Hastata</i>	25
<i>Dicksonia Antarctica</i> , Australian Tree Fern, \$1.00 to \$2.00 each.....		<i>Maxima Cristata</i> , an exceedingly pretty Fern; the leaves are large and finely crested.....	25 cts. to 50
<i>Didymochlena Trunculata</i>	50 cts. to 1 00	<i>Cristata</i>	25
<i>Doryopteris Palmata</i>	20	<i>Scaberula</i>	25
<i>Nobilis</i>		<i>Serrulata</i>	25
<i>Doodia caudata</i>	25	<i>Tremula</i>	20
<i>Drynaria diversifolia</i>	1 00	<i>Tricolor</i> , very distinct.....	25
<i>Gymnogramma Sulphurea</i>	25	<i>Scolopendrium Cristatum</i>	50
<i>Aurea</i>	25	<i>Species</i>	
<i>Chrysophylla</i>	25	<i>Sitalobium cicutarium</i>	25
<i>Magnifica</i>	25	<i>Todea Frazerii</i>	
<i>Peruviana</i>	25	<i>pellucida (Hymenophyllioides)</i>	
<i>Argyrophylla</i>	25	<i>Superba</i>	
<i>Tartarica</i>	25	There is no family of Ferns which approaches this in beauty. For wardenian cases, they are indispensable.	
<i>Neottopteris Australasica (Bird's Nest Fern)</i>			
<i>Nephrodium emersum cristatum</i>	25 cts. to 50		

My selection, nice sorts, \$1.50 to \$3.00 per dozen.

*PALMS.

We are cultivating some of the most desirable and popular of these beautiful plants. The prices of which vary with height.

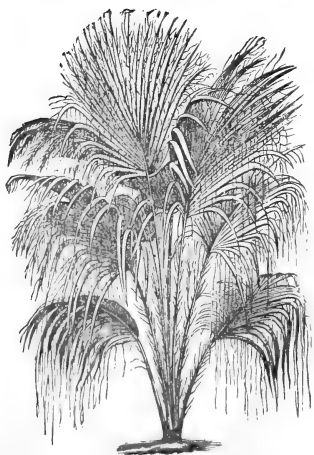

This class of plants in a young state do not show their distinctive characters.

* Areca Baueri (<i>Scaevortia Robusta</i>), a very fine Australian Palm.....	50 cts. to 1 00
* Lutescens , this beautiful species is peculiarly adapted for general purposes of decoration. Leaves pinnate, bright shining green; petioles and stem yellow, curiously mottled with black.....	50 cts. to 1 50
* Madagascariensis	50 cts. to 1 50
* Sapida	30 cts. to 1 00
* Rubra , an elegant plant for the decoration of apartments, or any situation where a graceful plant is required; the leaves are pinnate and arching, in a young state bright red, changing with age to dark green.....	50 cts. to 2 50
* Verschaffeltii	\$1.50 to 2 50
* Brahia glauca , a beautiful glaucous Palm from Lower California.....	50 cts. to 1 00
* Canariensis , a very fine and distinct Palm, 25 c. to 1 00	
* Carludovica palmata , a very ornamental plant with pinnate leaves two or three feet across, suitable for the flower garden during summer. Said to be the species from which the Panama hats are made.....	50 cts. to 2 50
* Carypha (<i>Livistonea</i>) Australis , a fan-leaved Palm of great beauty. Being of robust constitution, it withstands without injury a low temperature; it is well suited for the decoration of apartments. The fan-like leaves are dark green, supported upon brown petioles, which are armed at their edges with stout spines.....	25 cts., 50 cts., \$1.00 to 2 50
* Caryota Urens (Fish-tail Palm).....	30 cts., 50 cts. to 1 00
* Chamedora Latifolia , broad-leaved.....	
* Chamærops Humilis , leaves fan-shaped, glaucous.....	1 50
* Elegans Argentea , a fine variety of Humilis.....	
* Excelsa , leaves fan-shaped, a cool greenhouse Palm, very valuable and useful for outdoors during the summer.....	25 cts. to 1 00
* Cocos Weddelliana , perhaps the most elegant of all the smaller Palms, of which so many charming species are now to be found in cultivation, its slender erect stem is not of rapid growth, but is freely furnished with its gracefully arching leaves, made up of innumerable long, narrow pinnae or segments of a rich green color.....	50 cts. to 1 50
Plumosus , another very beautiful species of tall, free growth.....	50 cts. to 2 00
* Cycas Revoluta (Sago Palm), produces a beautiful crown of pinnated dark green leaves.....	\$1.50 to 2 50
* Media , a noble Cycas from Australia.....	\$1.00 to 2 00

* Euterpe Edulis	1 00
* Kentia, Australis , of exceedingly graceful habit, the leaves being pinnate, finely divided and elegantly arranged, and of a beautiful dark green.....	\$1.00, \$1.50 to 2 50
* Belmoreana , this fine Palm is a valuable addition to our collections; its leaves are pinnate, dark green, and so beautifully crisp as to gain for it the name of the "Curly Palm." It is very elegant and graceful in habit.....	\$1.00, \$1.50 to 2 50
* Canterburyana , this is a truly handsome species, with pinnate leaves and very robust habit; it is called in its native country the "Umbrella Palm." It is an exceedingly ornamental plant, and well adapted for decorative purposes.....	\$1.00, \$1.50 to 2 50
* Fosteriana , in habit somewhat resembling the preceding species, but more robust in its habit and growth, and thoroughly distinct; the leaves are broader in all their parts and darker in color.....	\$1.00, \$1.50 to 2 50
* Latania Borbonica , leaves large, fan-shaped, with pendant marginal segments, bright green tint, one of the handsomest and most useful Palms in cultivation.....	25 cts., \$1.00 to 2 50
* Macrozamia Denisoni (<i>Peroffskyana</i>), long, graceful pinnated leaves, very beautiful Palm.....	
* Spiralis , a grand Australian Cycad; the leaves are pinnate, the segments being linear. It is a remarkably fine and elegant plant, the leaves being composed of from 45 to 50 pairs of segments or pinnae.....	
* Oreodaxa Regia	25 cts., 50 cts. to 1 00
* Oleracea	50 cts. to 50
* Phoenix Dactylifera (Date Palm), the leaves long, pinnate, dark green, a handsome plant.....	25 cts., \$1.00 to 1 50
* Dumosa , dwarf habit.....	\$1.00 to 1 50
* Reclinata , leaves pinnate, exceedingly graceful, a fine greenhouse Palm or for the flower garden during summer. Fine for decoration, being very graceful.....	25 cts., 50 cts., \$1.00 to 2 00
* Rupicola , this is one of the most exquisitely graceful amongst Palms, and in elegance takes a singular place to that of <i>Cocos Weddelliana</i> . It is of acaulescent habit, with wide-spreading arching pinnate leaves; a most valuable acquisition.....	25 cts., 50 cts. to 1 50
* Sabal Adansonii (Palmetto), a pretty dwarf Palm.....	50 cts. to 1 50
Umbraculifera	50 cts. to 1 50

Dalmaticum , purple flowered Turk's Cap, very distinct.....	1 00	Takesima , vigorous grower and free bloomer of the purest white, like the last.....	40
Fulgens (Atrosanguinea or Davuricum) Fulgidum, very brilliant red, spotted black.....	15	Leichtlinii , canary-yellow, with crimson spots.....	1 00
Atropurpurea , purplish-orange.....	25	Martagon Flora Alba (Turk's Cap Lily) , a pure white Turk's Cap Lily, very beautiful.....	1 50
Erectum , very erect, brilliant red, spotted black.....	15	Scarlet , scarlet Turk's Cap.....	50
		Pulchellum , upright flowers, of a rich bright crimson, a very free growing and beautiful Lily.....	50

	Each.
<i>Lilium, Pyrenaicum</i> , flowers yellow, spotted with black.....	25
<i>Pardilinum</i> , a fine California Lily, four to five feet high, yellow centre, densely spotted with crimson, reflex of petals deep orange, very fine.....	25
<i>Pomponicum</i> (Little Turk's Cap Lily) <i>Rubrum</i> , stem two or three feet high, flowers vermilion-red.....	40
<i>Purpureum</i> , purple.....	30

DOUBLE TIGER LILY.

<i>Pomponicum Luteum</i> , flowers yellow.....	30
<i>Pomponium Verum</i> , this magnificent species growing about three feet in height, having numerous fiery scarlet flowers; similar in shade to <i>Chalcodonicum</i> , but the bulbs are much easier to grow.....	60
<i>Purpuratum</i> , deep rich color.....	50
<i>Rubrum Verum</i> , very fine deep color, beautiful.....	75
<i>Schrymakersii</i> , very rich, deep crimson.....	30

LILIAM SPECIOSUM.

<i>Szovitsianum</i> (<i>Colchicum</i> or <i>Monadelphum</i>), stem three to four feet, flowers bright citron-yellow with black points $2\frac{1}{2}$ to $3\frac{1}{2}$ inches long, fragrant and early blooming.....	60
<i>Speciosum</i> (<i>Lancifolium</i>) <i>Album</i> , white flowers.....	35
<i>Melpomme</i> , this fine variety is richer in color than any of the varieties of <i>Speciosum</i>	60
<i>Rubrum</i> , Japan Lily, stem two to three feet high, color white, suffused with red, and dotted with bright crimson on the inner surface.....	25

	Each.
<i>Lilium, Speciosum, Macranthum</i> , a variety of <i>Rubrum</i> , flowers large and highly colored.....	40
<i>Speciosum, Precox</i> , early flowering and distinct variety, flowers pure white.....	50
<i>Monstrosum Album</i> , white, monstrous flowered.....	35
<i>Roseum</i> , rose spotted, flowered.....	35
<i>Rubrum</i> , crimson spotted, flowered.....	35
<i>Punctatum</i> , white, delicately spotted with rose.....	50
<i>Roseum</i> , white, spotted with rose.....	20
<i>Verum</i>	40
<i>Superbum</i> , stem four to six feet high, orange spotted with purple, having a grand panicle of 20 to 40 flowers.....	15
<i>Thunbergianum</i> (or <i>Elegans</i>), stem about two feet high, flowers orange-scarlet with black spots.....	25
<i>Alice Wilson</i> , the flower is of the most lovely form; bright, clear lemon, deepening towards the centre of petals to a rich golden, dotted with crimson-brown spots.....	1 00
<i>Atropurpurea</i> , dark purple, spotted.....	50

LILIAM AURATUM.

<i>Thunbergianum, Flora Pleno</i> , double.....	40
<i>Bilgulatum</i> , yellow, spotted with black.....	25
<i>Feukwam</i> , new.....	25
<i>Grandiflorum</i> , very dark and rich.....	25
<i>Kikak</i> , nankin, spotted dark purple.....	25
<i>Tigrinum</i> (Tiger Lily), stem four feet high, flowers brilliant orange-red, spotted with black very showy.....	15
<i>Flora Pleno</i> , a double variety of the last, exceedingly beautiful and attractive.....	20
<i>Splendens</i> , a grand variety, grows four to five feet high, very robust in growth, with larger flowers, more brilliant and more heavily spotted than the species; magnificent.....	40
<i>Tenuifolium</i> , brilliant scarlet, a very distinct and pretty Lily.....	30
<i>Testaceum</i> (or <i>Excelsum</i>), stem four to five feet high, flowers light yellow, fragrant, hardy, a fine Lily.....	50
<i>Venustum</i> , stem about two feet, flowers bright orange, slightly spotted.....	25
<i>Wallacei</i> , a magnificent variety, with beautiful clear buff flowers spotted with black; very distinct.....	30

MISCELLANEOUS BULBOUS PLANTS.

	Each.		Each.
* Agapanthus Umbellatus (African Lily), large truss of blue flowers, fine bedded out, 25 cts. to	50	* Amaryllis, Equestre , one of the most desirable for winter and spring blooming; the flowers nearly six inches in diameter, borne in umbels of from two to four on tall scapes; color a lively light orange scarlet, with a creamy white star in the centre.....	1 00
* Alba , white flowered.....	30	* Eugene Souchet (new), very fine purple-red, velvety at the edges of the sepals; flowers very large with a white band in the middle of each petal, splendid plant, very vigorous and blooming regularly.....	3 00
* Flora pleno , double.....	50	* Fulgida , a large flower, deep crimson, veined white, robust grower, generally has two spikes.....	50
* Major , large flowered.....	50	* Girandole (new), flesh colored white, slightly tinted orange in the centre, darker at the edges; brilliant carmine blotch on lower petals.....	3 00
* Variegata , variegated leaves.....	50	* Glory of Algiers , orange-scarlet, double.....	
* Amaryllis, Artemasia (new), pure white, with large vermillion stripes, very large flowers, splendid variety.....	1 50	* Johnsonii Grandiflora (new), this variety produces from two to four flower spikes, each bearing from four to eight large scarlet flowers, with pure white stripes through each petal.....	1 00
* Aurea (Lycoris Aurea), golden-yellow, very rare.....	2 50	* Lindenii , glowing vermillion, with light stripes in the centre of each petal; flowers freely during mid-winter, magnificent.....	1 50
* Dr. Masters , it is very free, and flowers in a very small state. The flowers of this fine variety are about 6 inches in diameter, the sepals and petals are broad and of fine form and substance; the color of the petals is bright carmine-scarlet, shaded towards the base with purplish-crimson. This variety has the peculiarity of being totally devoid of green in the interior of the flower. One of the finest ever sent out.....		* L'Avenir (new), fine pure white of perfect shape, having on each petal two large salmon red stripes, edged creamy white. Splendid, of remarkable shade.....	
* Aspasie (new), white tinged with yellow, blazed red, edged with a darker yellow, perfect flower, very large and beautiful.....	3 00	Optima (new), deep bright crimson, with broad white stripes in the centre of each petal, very vigorous generally produces two spikes. A magnificent flower.....	2 50
* Aulica Platypetala , one of the most distinct; flowers are very large, with broad spreading petals of a rich deep, crimson, shaded with maroon; the throat of the flower is of a pale yellow tint; it is an evergreen.....	1 50	Lutea , yellow flowered, autumn bloomer, very hardy.....	20
* Ackermanni Pulcherrima , glowing crimson, fine form; free blooming, the most beautiful of all the high colored <i>Amaryllis</i>	2 00	Oriflamme (new), white with large salmon-red colored petals, somewhat darker in the centre band; large and well opened flowers of a splendid shade.....	1 50
Atalanta , deep crimson, white band in centre of lower petals, upper petals veined with white; very fine variety.....	2 50	* Perfection des Blancs , pure white ground, very slightly tinted with white rose on the edges and striped with bright carmine. Well opened flower of a perfect shape.....	3 00
Atrosanguinea , brilliant vermillion, deep rich glowing shade, generally produces two spikes of finely shaped flowers. A grand plant for winter forcing.....	40	* Perie (new), sulphur white, with large salmon stripes; very large well opened flowers, remarkable.....	2 50
* Aurore (new), pure white extra large flowers with large garnet-red stripes, slightly tinged with yellow on the borders. Very vigorous, producing generally two spikes of six flowers.....	2 50	* Phoebe (new), pure white, striped and striated with carmine rose; well opened flowers, perfect shape.....	2 00
* Bayard , dark cherry-red, with large pure white stripes, very large flowers.....	2 00	Pardium , light, spotted and veined with crimson, broad petals, finest shape.....	1 50
* Baffin , white ground, striped with crimson-scarlet. Very beautiful.....	1 50	* Reticulata , rich scarlet, foliage reticulated.....	1 50
* Belladonna Major , large charming white flowers, richly flushed with rosy red, very fragrant.....	50	Refulgens , glowing vermillion, clear, deep and brilliant, a free flowerer, and one of the finest and richest flowers, generally produces two spikes; fine for winter forcing.....	50
* Ciceron , amaranth-red, with pure white stripes, flowers of perfect shape; a grand flower.....	3 00	* Rubis (new), very fine cherry-red and velvety salmon, the sepals striped white in the centre; each edge of the stripes tinted deep carmine. Very showy and vigorous.....	3 00
* Clovis (new), very fine transparent red, enormous, well opened and well formed flowers, with large pure white stripes on each petal, very fine.....	1 50	Regina	1 00
* Cardinalis , scarlet-crimson with a white stripe on each petal; an exceedingly beautiful flower.....	1 50	* Saul's New Amaryllis	
* Corsaire (new), very large perfectly shaped flower, orange-scarlet at the edges of the sepals and deep cherry-red in the centre, with a white band in the middle of each petal, splendid variety, very vigorous.....	2 50	* Mrs. John Saul , white ground and centre, with a pink blotch on each side, feathered and flamed, and banded with white. Exceedingly vigorous, producing two spikes of numerous flowers. A superb variety.....	2 50
* Delicata , white delicately striped and veined with crimson.....	1 50	* Miss Mary C. Saul , deep rich scarlet-crimson, white band in the centre of each petal, very broad petals, an exceedingly vigorous and free blooming variety.....	2 50
* Defiance , flowers very large, petals very broad; color carmine-red, with bars of white running through each petal, flowers nearly all the season.....	2 00	* Miss Rosina M. Saul , crimson-scarlet, edged and striped with white; a vigorous grower, producing two spikes. A striking and handsome flower.....	2 50
* Duchess of Connaught , a fine formed flower with smooth broad overlapping petals. It is the purest and best white <i>Amaryllis</i> yet obtained.....		* Miss Teresa M. Saul , white ground beautifully flaked with scarlet-crimson, white stripe in the centre of each petal. Very vigorous in growth and free bloomer.....	2 50
* Empress of India , a grand flower of extra size and fine form; glowing scarlet, suffused with orange, relieved by a white eye and white central stripe on each petal.....		Seedlings carefully hybridized with finest varieties.....\$3.00 to \$5.00 per doz., 30 cts. to	50
* Species (new), from S. America; rich orange with white centre, a free grower and bloomer, a very distinct and beautiful species.....	2 00	Aistræmeria Psittacina , a pretty fleshy rooted plant, flowers during winter.....	25
* Etoile , transparent white ground, slightly striated and striped with purple; well opened flowers. Vigorous and fine, generally produces two spikes.....	2 50		
Formosissima (Sprekelia), <i>Jacoea Lily</i>	20		

	Each.		Each.
Amorphophallus Rivieri , this very curious <i>Ario-deæ</i> , planted in the open ground in April-May (like the <i>Dahlias</i>), the tubers will produce on a thick stem, a very extraordinary looking palmated single leaf, in the shape of a reversed umbrella.....	10 cts. to 25	Ismene Calathina , large umbels of white flowers, Amances	25
Bessera Elegans . The flower stems are from one to two feet high, supporting a dozen or more bell-shaped flowers of a bright coral scarlet, with white cups and dark blue anthers.....	15	Ixiolirion Pallasii	40
Bravoa Geminiflora , spike of <i>Penstemon</i> -like flowers, very fine.....	10	Lily of the Valley , single white.....	10
Bletia Species , from Guatemala.....	1 00	Double white.....	15
Hyacinthina , flowers in spikes, purple.....	50	Single rose, nearly white, slightly tinged.....	15
Tankerville (Phajus), long spikes about eighteen inches high. color brown and white; flowers during winter.....	50	Nerine (Guernsey Lilies), crista, rose.....	50
The above are Terrestrial Orchids and very beautiful.		Flexuosa , rose-colored.....	40
Brodiaea Conjesta , flowers blue on a long scape, a free flowerer.....	10	Sarniensis , beautiful rose-crimson.....	50
Grandiflora , grows about one foot high and covered with a mass of violet-blue flowers.....	10	Corusca , scarlet.....	60
Cyclobothra Flava . The cup is golden yellow, with fine black dots in the petals.....	15	Fothergilli , orange-scarlet.....	60
Cyclamen Persicum , good flowering bulbs, a fine strain.....	25 cts. to 50	Ornithogalum thyrsoides alba , long spikes of white flowers.....	25
Coum , brilliant red.....	25	Arabicum , a grand spike of pure white flowers, magnificent.....	25
European Alba , pure white, very pretty.....	20	Oxalis Cernua , canary-yellow, very bright, finest yellow.....	10
Rubrum , red.....	20	Pleno , double, canary-yellow.....	15
Giganteum , large flowered, fine strain.....	25 cts. to 50	Sensitiva , sensitive Oxalis.....	20
Calla (Richardia) Ethiopica Nana , the well-known "Calla Lily".....	25	For other varieties, see Bulb Catalogue.	
Alba Maculata , bright green foliage spotted with white.....	25	Pancratium Mexicanum , flowers large, pure white.....	50
Coburgia Incarnata , a beautiful Peruvian plant with scarlet flowers.....	30	Illyricum , this bears immense heads of pure white fragrant flowers; perfectly hardy.....	30
Criam Americanum , large umbels of white flowers, fragrant.....	30	Phadrassia Chloracea , flowers are about six inches long on a pendulous umbel, crimson and green.....	30
Species from Guatemala, beautiful white flowers.....	1 00	Schizostylis Coccinea , a very fine hardy greenhouse bulb, blooms during autumn and winter.....	20
Morel , a magnificent plant, the finest of all <i>Crimums</i> , flowers large, and of the purest white, Crocossia (see <i>Tritonia</i>).....	1 50	Tigridia (Tiger or Shell Flower) pavonia , orange-red, spotted black.....	10
*Gloriosa Superba Grandiflora (Methonica), a distinct and beautiful variety, habit vigorous, stems freely clothed with neat, sessile leaves, and terminated with long spikes of large beautifully formed lily-like flowers. The flowers are composed of long lanceolate-shaped petals, which are deeply undulated on their margins, centres of flowers rich orange-yellow, outer portion of petals brilliant vermilion-scarlet.....	1 50	Conchiflora , yellow, spotted black.....	75 per doz., 10
*Plantin , another handsome and distinct species, Guatemalan Crocus , white, underside of petals rosy-pink, similar to <i>Crocus</i> , very pretty.....	30	Grandiflora alba , flowers white, with brown blotch in centre, very handsome. \$1.00 per doz.,	15
*Hyacinthus (Galttonia) Candicans , long spikes of white flowers three feet high.....	20	Tritoma (Flame or Torch Flower) Grandis , a handsome plant with spikes of flowers three feet high, color orange-scarlet.....	25
Milla bifolia , flowers waxy-white, anthers yellow; very free; a distinct and curious plant.....	15	Uvaria , long spikes, color orange-scarlet.....	20
		Tritonia Aurea (Crocossia), golden blooms, in tall branching spikes.....	\$1.00 per doz., 10
		Tube Rose (double), first quality bulb.....	60 per doz., 10
		Pearl , a variety of dwarf growth, eighteen to twenty-four inches, with larger flowers than the common.....	60 cts. per doz., 10
		Urceolina Aurea (Pendula), an exceedingly beautiful bulbous plant from Peru. Drooping umbels of urn-shaped flowers, strangely colored with pea-green and golden-yellow. Extremely graceful in growth and beautiful in color. Requires a warm atmosphere.....	50
		Vallota Purpurea , flowers brilliant shaded, cup-shaped.....	25 cts. to 50
		Major , a large variety of the last.....	30 cts. to 50
		Zephyranthes Atamasco (Atamasco Lily), a pretty dwarf <i>Amaryllis</i> -like plant, with large white flowers.....	15
		Rosca (Caranata), rose-colored.....	20
		Treatæ , in the style of <i>Atamasco</i> , flowers large, white.....	10

Henri Vilmorin , large dark green leaves, brilliant orange blossoms.		Oriflamme , leaves green, with violet veins, salmon-orange flowers.	
Luke Blackburn , "a dark rich crimson-maroon, growing only three feet high," one of the darkest and dwarfest. 30 cts.		Prince Imperial , large beautiful foliage.	
Ehemanni (see <i>Novelties</i>).		Premices de Nieces , medium bright, fine green leaves, golden flowers.	
		V. Lemoine , fine broad green foliage, flowers orange-scarlet.	

Price 15 cents each; \$1.50 per dozen (save were priced). My selection 10 cents each; \$1.00 per dozen.

SUMMER VINES OR CLIMBERS.

Antigonon Leptotus , a beautiful plant, with numerous racemes of rose-colored flowers. The profusion of its blooms is such as to give the resemblance of <i>Roses</i> at a distance, hence one of the Mexican names is "Rosa de Montaña," or Mountain Rose.....	25	Ipomæa Insignis , crimson flowers, excellent for planting out during summer.....	25
		Mortoni	20
		Schottii	20
		Siniata , white, cerise centre, fine rapid grower for outdoors during summer.....	20

	Each.		Each.
<i>Apios Tuberosa</i> , a valuable, hardy, tuberous-rooted climber, closely resembling the common <i>Wistaria</i> in vine and foliage, and having clusters of rich, deep purple flowers.....	15	<i>Maurandia Barclayana</i> , a very elegant vine, flowers purple.....	15
<i>Cobæa Scandens</i> , a very rapid growing vine, flowers purple.....	15	<i>Alba</i> , a fine white variety.....	15
<i>Alba</i> , white flowered.....	15	<i>Manettia Cordata</i> , a climbing plant, which succeeds admirably bedded out during summer. The flowers are orange-scarlet and given in the greatest profusion.....	20
<i>Clittoria Alba</i> , a pretty white variety.....	20	<i>Moon Flower or Evening Glory</i> (<i>Ipomæa Nodiflora</i> or <i>Callancton Grandiflora</i>), an exceedingly vigorous grower, which opens during night; flowers very large, pure white.....	20
<i>Cerulea</i> , a climbing plant of moderate growth, which flowers freely during summer; flowers in clusters of deep nazarine-blue, pea-shaped.....	20	<i>Pharbitis hispida Dickensonii</i> , fine azure-blue Morning Glory.....	25
<i>Lophospermum Scandens</i> , rapid grower, flowers rosy-crimson.....	15	<i>Physianthus Albans</i> , a fine climber, with white flowers.....	20
<i>Madeira Vine</i> (<i>Boussingaultia Basseloides</i>), a vine of rapid growth with fragrant white flowers.....	10	<i>Solanum Jasminoides</i> , flowers rosy-purple, free growth.....	20
<i>Maurandia, Rosea</i> , flowers of bright rose.....	15		

GREENHOUSE VINES OR CLIMBERS.

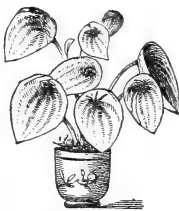

<i>Allamanda Hendersonii</i> or <i>Wardleiana</i> , a distinct and beautiful species which blooms quite small and continues flowering nearly the whole year; the flowers are circular, of great substance, color of a rich deep yellow, fine habit.....	30	<i>Passiflora, Coccinea</i> , scarlet.....	25
<i>Cathartica</i> , fine rich yellow, free.....	30	<i>Coerulea</i> , cœrulean blue, a beautiful old variety, nearly hardy, requires only slight protection.....	20
<i>Nobilis</i> , a distinct and beautiful new species, flowers equally as large as the finest form of <i>A. Hendersonii</i> , of a pure rich yellow, but which are greatly superior in form to others in cultivation, by their large firm lobes being more widely imbricated.....	30	<i>Buist's Hardy</i> , blue, free bloomer.....	25
<i>Nerifolia</i> , flowers smaller but most profuse, yellow.....	30	<i>Decaisneana</i> , lilac-purple, large fine variety.....	25
<i>Bougainvillea Glabra</i> , this is the freest grower and bloomer of the genus, color a rosy pink.....	40	<i>Incarnata</i> , this variety is perfectly hardy in this latitude. In very severe winters it is killed to the ground, but on the return of spring it puts out with great vigor, growing luxuriously and flowering profusely during the summer months; similar in color to <i>Coerulea</i>	15
<i>Bignonia Venusta</i> , a beautiful free growing winter climber, flowers orange.....	40	<i>Imperatrice Eugénie</i> , rosy-lilac, filaments of the corona violet and white leaves, three lobed, dark green.....	30
<i>Chamberlaynii</i> , fine, deep yellow.....	50	<i>Lawsonii</i> , very fine blue.....	25
<i>Speciosa</i> , a very splendid species, flowers white, shaded lavender.....	40	<i>Loudonii</i> , crimson, fine.....	25
<i>Bridgesia Spicata</i> , an evergreen greenhouse creeping shrub, adhering to walls similar to Ivy, beautiful bloomer.....	30	<i>Pfordii</i> , bluish-purple, free.....	25
<i>Cissus Amazonica</i> , amazonian.....	25	<i>Princes</i> , flowers rich crimson, a very fine greenhouse climber.....	40
<i>Discolor</i> , foliage beautifully shaded with silver-crimson and purple.....	25	<i>Quadrangularis Variegata</i> , foliage variegated with yellow.....	25
<i>Porphophyllus</i> , large and fine foliage.....	25	<i>Schmittii</i> , bright carmine.....	25
<i>Campsis Filicifolium</i> , a free growing slender woody climber from the Fiji Islands. The leaves, from their size and form, are strongly suggestive of fronds of some small growing pinnate Asplenium.....	20	<i>Trifasciata</i> , leaves dark green, tri-lobed, each lobe having a broad central band of rose, a very distinct Passion flower, flowers white.....	20
<i>Hardenbergia Comptoniana</i> , pretty greenhouse climber, with rose and purple flowers.....	40	<i>Rhynchospermum Jasminoides</i> , a lovely winter blooming climber, with white fragrant Jasmine-like flowers.....	20
<i>Hexacentris Mysorensis</i> , a beautiful climbing plant, flowers yellow and crimson.....	50	<i>Variegata</i> , variegated leaves.....	25
<i>Myrsiphyllum Asparagoides</i> (Smilax), beautiful climber for wreaths, &c.....	10 cts.	<i>Stigmaphyllon Ciliatum</i> , a pretty vine, with yellow flowers.....	40
<i>Mandevilla, Suvolens</i> , greenhouse climber, with lovely white fragrant flowers.....	20	<i>Tacsonia, Buchananii</i> (<i>Vitifolia</i>), another magnificent conservatory climber, with brilliant orange-scarlet flowers, most profuse bloomer, and one of the finest Passion flowers.....	30
<i>Passiflora Alba</i> , white passion flower.....	25	<i>Exoniensis</i> , color a glowing scarlet; a rich and very beautiful Passion flower.....	50
<i>Alata</i> , petals reddish-crimson, blue filaments, sweet-scented.....	25	<i>Van Volxemii</i> , scarlet Passion flower.....	25
<i>Arc-en-ciel</i> , very large flowers, raised part pure white, centre citron-colored, outer circle dark, inner circle white shading to blue.....	25	<i>Tecoma Jasminoides</i> , flowers white, with crimson centre, a lovely climber.....	15
<i>Constance Elliott</i> . See Novelties.		<i>Thunbergia Laurifolia</i> , this magnificent climber cannot be too highly praised. To the Florist, and all who require winter blooms, it is indispensable, as it flowers in the greatest profusion during the winter months. Color delicate violet blue.....	40
<i>Cardinalis</i> , scarlet flowers, greenhouse climber,	25	<i>Fragrans</i> , another valuable winter blooming plant, flowers pure white, and free flowerer.....	20

MISCELLANEOUS GREENHOUSE AND HOTHOUSE PLANTS.

<i>Araucaria Bidwellii</i>		<i>Acalypha Tricolor</i> , foliage irregularly blotched and mottled with crimson, a very distinct plant, fine for bedding.....	20
<i>Abutilon Thomsoni Pleno</i> , new double Abutilon.....		<i>Macrophylla</i> , a large leaved variety, blotched and mottled, fine bedding plant.....	20
<i>Darwinii</i> , orange-scarlet, veined with pink, opening like a parrot.....	10	<i>Macafeana</i> , leaves frequently cut into many forms, and very highly colored bright red, blotched with deep bronzy-crimson.....	20
<i>Roseum Superbum</i> , rose color, veined delicate pink.....	10	<i>Marginata</i> , leaves beautifully margined.....	20
<i>William Fowler</i> , yellow.....	10	<i>Asclepias Curassavica</i> , fine for summer decoration, blooming from July to November, growing about 3 feet in height, terminated with heads of yellowish scarlet flowers.....	20
<i>Agave Victoria Regina</i> , this is the most beautiful of all the Agaves. Small plants.....	1 00		
<i>Americana</i> (American Aloe).....	50		
<i>Variegata</i>	50		
<i>lineata</i>	50		

	Each.		Each.
<i>Anthericum Variegatum</i> , the foliage is of a bright grassy green, beautifully striped and margined with creamy white.....	25	<i>Eupatorium Riparium</i> , white, blooming January until March.....	10
<i>Ardesia</i> , a pretty plant, which gives a profusion of scarlet berries during winter.....	50	<i>Elegans</i> , fine winter bloomer, pure white.....	10
<i>Alba</i> , white berried.....	50	<i>Triste</i> (<i>Hebechinum Macrophyllum</i>), flowers pure white, blooming in winter.....	15
<i>Æschynanthus Lobbianus</i> , a trailing plant; flowers crimson and black, grand basket plant.....	25	<i>Euphorbia Sanguinea</i> , a good old plant, the foliage is a purplish-crimson, distinct from other dark-colored foliage plants.....	15
<i>Aspidistris Lurida Variegata</i> , a large foliage plant, leaves finely striped with white and green. A very valuable plant, and nearly or quite hardy.....	50	<i>Atropurpurea</i> , foliage blackish-purple, fine for bedding from its very dark color.....	20
<i>Brugmansia (Datura) Knightii</i> , beautiful large double white flowers.....	25	<i>Jacquæflora</i> , invaluable for winter blooming, of the richest scarlet.....	50
<i>Bryophyllum Calycinum</i>	25	<i>Splendens</i> , blooms during winter, flowers scarlet.....	25
<i>Camellia Sasanqua</i> , single rosy-crimson flowers, <i>Alba</i> , pure white, semi-double.....	40	<i>*Francisca Eximia</i> , a pretty winter flowering plant, with purplish-violet flowers.....	50
<i>Camellias</i> , of this beautiful class, we grow a fine collection. Price 50 cents to \$1 and upwards, according to size.		<i>*Calycina Major</i> , purplish-blue, one of the most beautiful.....	50
<i>Cyperus</i> (Nile Tufted Grass) <i>Laxus</i> , an exceedingly graceful and distinct species.....	20	<i>*Confertiflora</i> , very beautiful Species.....	50
<i>Alternifolius</i> , a tufted grass with alternate leaves.....	20	<i>Hoopeana</i> , flowers violet-purple, beautiful.....	50
<i>Variegatus</i> , a variety of the last, with handsomely variegated leaves.....	25	<i>*Lindeniana</i> (new), a very lovely species, flowers in winter, violet-purple.....	75
<i>Coccolaba Platyclada</i> , a singular flat stemmed plant, has no leaves like a cactus.....	25	<i>Fittonia Argyroneura</i> , a trailing plant, with light green foliage, beautifully striped with white.....	10
<i>Crassula Lactea</i> , a very beautiful winter flowering plant of easy culture, flowers freely, color pure white. For cultivating in windows few plants succeed as well as this.....	25	<i>Ficus Repens</i> , an admirable plant for hanging baskets, etc.....	10
<i>Cordata</i> , another fine species for winter blooming, color pure white, of free growth and profuse flower.....	25	<i>Mimosa</i> , small leaves.....	10
<i>Falcata</i> (Rochea), crimson flowers, an exceedingly beautiful plant.....	50	<i>Grevillea Robusta</i> , a fine decorative plant.....	25
<i>Curcuma Cordata</i> , it grows 1½ to 2 feet high and the showy part of plant is the peculiar lip-like bracts with which the erect flower spike is thickly furnished.....	50	<i>Gymnostachyum Pearcei</i> , in every respect one of the most beautiful of foliage plants.....	15
<i>Campylobotrys Discolor</i> , pretty variegated foliage.....	25	<i>Giganteum</i> , in this species we have a plant of equal beauty with others of the genus.....	10
<i>Curculigo Recurvata</i> , a remarkably graceful Palm-like plant, suitable for decorative purposes.....	50	<i>Verschaffeltii</i> , stems of a reddish tinge, red leaf-stalks, upper surface of the leaf richly painted with reticulations which vary red into brilliant scarlet.....	10
<i>Dalechampia Roeziana Rosea</i> , this fine plant blooms very freely, and produces its flowers nearly throughout the year, but especially so during winter.....	40	<i>Goldfussia Iosophylla</i>	20
<i>Daphne Odorata Alba</i> , white flowers, very fragrant.....	50	<i>Anisophylla</i> , a fine growing winter flowering plant, color blue.....	20
<i>O. Rubra</i> , nearly white, outside of flower shaded, very fragrant; the variety usually grown.....	50	<i>Graptophyllum Pictum</i> , leaves deep green, with a large blotch of bright gold in the centre, a beautiful foliage plant, requires a hothouse.....	25
<i>*Mazeli</i> (new), this beautiful Japanese <i>Daphne</i> differs from all the preceding varieties in the flowers being borne on short lateral branchlets all along the branches, instead of, as usual, in dense clusters at the end of the branches. Flowers during winter, tubes rosy-crimson, petals white, shaded with pink, very fragrant foliage, variegated with yellow. Small plants.....	1 00	<i>Justicia Carnea</i> , a winter bloomer, flowers pink.....	20
<i>Eranthemum Andersonii</i> or <i>Elegans</i> , of free vigorous growth, producing long terminal spikes of its pure white and rich lake flowers during winter.....	25	<i>Jasminum Grandiflorum</i> (Catalonian), beautiful white <i>Jasamine</i>	25
<i>Eldorado</i> , foliage golden-yellow.....	25	<i>Grandiflorum Semi-double</i>	25
<i>Ignium</i> , foliage finely variegated yellow and black.....	50	<i>Hirsutum</i> , a beautiful winter flowering <i>Jasamine</i> , flowers in wreaths and bunches of the purest white, delicately scented.....	25
<i>Pulchellum</i> , flowers deep blue during winter, very handsome.....	25	<i>Revolutum</i> , yellow.....	25
<i>Laxiflorum</i> , it is a plant of much beauty, corolla spreading and of a purplish-crimson, quite unique, flowers during autumn and winter.....	25	<i>Kleinia Articulata</i> , candle plant.....	25
<i>Tuberculatum</i> , flowers during winter, pure white in profusion.....	25	<i>Spinulosa</i>	25
<i>Erythrina Crista Galli</i> , beautiful summer flowering plant, with dark crimson coral-like flowers. The roots, which are fleshy, can be put away in a cellar, like <i>Dahlias</i> , during winter. There is no plant more valuable than this for bedding out in our climate, and very beautiful.....	25	<i>Koempferia</i> , Species, very fine foliage plant.....	25
<i>Madame Belangier</i> , a very beautiful coral plant, dwarf compact habit, very free flowering.....	25	<i>Linaria Cymbalaria</i> (Kenilworth Ivy), a pretty trailing plant.....	10
<i>Compacta</i> (new), a fine compact growing plant, flowers freely, color rich crimson. A magnificent plant for bedding out.....	25	<i>Leea Coccinea</i> , a large, fine foliage plant.....	40
		<i>Lingularia Kempferi Argentea</i> , a herbaceous plant, nearly or quite hardy, with large, finely variegated leaves.....	25
		<i>Libonia Penrhosiensis</i> , freely producing its fine showy flowers, which are of a bright, rich crimson color. It blooms in the depth of winter.....	15
		<i>Linum Trigynum</i> , yellow flowers, produced abundantly during winter.....	25
		<i>Laurestinus</i> (<i>Viburnum Tinus</i>), for winter flowering.....	20
		<i>Lasiandra Splendens</i> , violet-purple flower, fine for winter.....	30
		<i>Leonothus Leonurus</i> , a free-growing plant for bedding out, flowers bright orange.....	20
		<i>Macadamia ternifolia</i> , Queen's Land Nut.....	50
		<i>Mahernia Odorata</i> , winter bloomer, flowers yellow, fragrant.....	10
		<i>Mikania Violacea</i> (Parlor Ivy), a creeping plant with purplish upper surface of leaf.....	10
		<i>Pelverulenta</i> , another pretty and distinct species.....	15
		<i>Meyenia Erecta</i> , purple flowers, pretty plant.....	25
		<i>Alba</i> , white.....	25
		<i>Myrtus Communis</i> , small-leaved Myrtle.....	20
		<i>Mackaya Bella</i> , a beautiful plant. The flowers have a pale lilac corolla nearly two inches long, the throat ornamented with most delicately pencilled reticulated purple veins, tubular below, campanulate. The plant is very floriferous.....	30

	Each.		Each.
<i>Magnolia Fuscata</i> , a very fragrant species, strong plants.....		<i>Rogiera Amoena</i>	30
<i>Melon Pear</i> or <i>Melon Shrub</i> (<i>Solanum Guatemalaense</i>), "a very delicious fruit from the Highlands of Guatemala, and now being cultivated in California. It will likely succeed in the South. The fruit is of the size of a hen or goose egg, or even larger, and very much of the same shape. The color is lemon or pale orange with streaks or waves of bright violet, the whole making a fruit unrivalled in beauty. The interior of the fruit is a solid pulp similar to that of a pear, also of a pale yellow color, and of a taste resembling that of a fine muskmelon, but which has besides a most charming acid, so wholesome and so delicious that when the fruit is partaken of on a very warm day, it allays the thirst for several hours.".....	25	<i>Gratissima</i> (new).....	50
<i>Othonna Crassifolia</i> , an exceedingly beautiful plant for hanging buckets.....	10	Winter flowering plants, as fragrant as the <i>Heliotrope</i>	
<i>Ophiopogon Spicatum Argenteum Marginatum</i> , a half-hardy Japanese plant, with broad grassy leaves, margined with white, and producing freely white flowers.....	25	* <i>Rhododendron formosum</i> , a fine Indian species, flowers white.....	1 00
<i>Aurea Marginatum</i> , similar to the last, but in this variety the variegation is a deep yellow.....	25	<i>Rondeletia Speciosa Major</i> , a very beautiful stove plant, flowers scarlet, very fine.....	50
<i>Olea Fragens</i> , fragrant Olive.....	50	<i>Russelia Juncea</i> , pretty basket plant, scarlet flowers.....	20
Orchids, a large collection of East Indian, Mexican, South American, &c., a catalogue of which will be mailed on application.....		<i>Ruellia formosa</i> , a free winter blooming plant, with scarlet flowers.....	20
<i>Primrose English</i> , Double Lilac.....	25	<i>Sanchezia Nobilis Variegata</i> , leaves of most intense green, the veins being broadly margined with golden-yellow.....	25
White.....	30	<i>Strelitzia Augusta</i> , a very beautiful plant for the greenhouse, seedlings in 4-inch pots.....	
Yellow.....	30	A few large plants 3 to 4 feet.....	
Crimson.....	50	<i>Streptosolen Jamesonii</i> , an exceedingly fine free flowering plant of compact bushy habit, flowers opening to bright orange, passing to cinnabar-red, nearly an inch in diameter.....	20
<i>Paulinia Thalictrifolia</i> , a very beautiful plant. It is of a slender growth, producing very freely its beautiful cut leaves, which resemble the fronds of a highly-divided <i>Maiden-hair Fern</i>	25	<i>Syngonium Albo-lineatum</i> , a pretty variegated creeping plant.....	30
<i>Panax Fruticosum</i> , a plant closely allied to <i>Aralia</i> , with beautiful fern-like foliage, a fine decorative plant.....	30	<i>Senecio Scandens</i>	10
<i>Poinsettia Pulcherrima</i> , fine winter blooming plant.....	50		
Alba, white-flowered.....	25		
<i>Pittosporum, Tobira</i> , very fragrant shrub.....	25		
Variegata, variegated.....	25		
<i>Peperomia Argyrea</i> , } Dwarf growing plants, suitable for baskets. The leaves are delicately blended, being bright green along the line of the nerves.....	15		
<i>Magnolifolia</i> , }			
<i>Verschaffeltii</i> , }			
<i>Plumbago Capensis</i> , we have no plant of the same color to approach this for summer bedding. Plants bedded out in May will continue flowering through the summer; color a delicate azure-blue. The plants can be kept in a cellar during the winter.....	25		
<i>Larperetæ</i> , like the last, this blooms through summer, color bluish-purple, quite hardy.....	15		
<i>Rosea</i> , flowers rose color, fine for bedding or winter blooming.....	25		
<i>Primula Sinensis Fimbriata</i> , fine seedling plants raised from the finest strains of single flowers, various shades of color.....	25		
<i>Rhodea Japonica</i> , leaves green, edged with yellow.....	30		

PEPEROMIA.

<i>Stevia Compacta</i>	15
<i>Glutinosus</i>	15
<i>Nana</i> , a new dwarf variety.....	15
<i>Torenia Asiatica</i> , rich blue and dark violet.....	15
<i>Belloni</i> , a pretty variety, similar to the last in habit, and like it, suitable for bedding out; bright yellow, with a black eye, very distinct.....	10
<i>Fournerii</i> , the habit is more compact than <i>T. Asiatica</i> , the flowers are richer in color and more freely produced. It succeeds admirably bedded out.....	10
Major, larger.....	15
<i>Thysacanthus rutilans</i> , a very beautiful and distinct plant, with long drooping scarlet flowers.....	40
<i>Tradescantia, Discolor</i> , two colored.....	25
<i>Repens Vittata</i>	10
<i>Striata</i> , a pretty striped variety.....	10
<i>Zebrina</i> , Zebra plant.....	10
<i>Vanilla Aromatica</i> , the well known Vanilla of commerce.....	50
<i>Viburnum Odoratissimum</i> , fragrant.....	50
Variegata, variegated.....	50
<i>Tinus</i> (<i>Laurestinus</i>), fine for winter flowering.....	25

MISCELLANEOUS BEDDING PLANTS.

<i>Abutilons</i>	10
<i>Acalyphas</i> , in sorts.....	15
<i>Agathæa Coelestis</i> (<i>Blue Marguerite</i>), flowers daisy shaped, delicate blue, with yellow disc; beds out well and flowers freely during winter.....	15
<i>Alyssum Sweet</i> , double flowered.....	10
<i>Antirrhinum</i> (<i>Snap Dragon</i>), very useful for bedding out, having long showy spikes of flowers. They are of the easiest culture, growing and flowering freely in any soil. A very choice collection named, \$2.00 per dozen.....	10
Seedlings from finest strain, \$1.00 per dozen.....	10
<i>Ageratum</i> (<i>Little Dorrit</i>), new white.....	10
<i>Blue Tom Thumb</i> , blue.....	10
<i>Cope's Gem</i> , rich porcelain-blue.....	10
<i>John Douglas</i> , dwarf habit, flowers large, azure, white cap, color white.....	10
<i>White Tom Thumb</i> , White.....	10
<i>Alternanthera</i>	10
<i>Aurea Nana</i> , this new variety is of as dwarf a habit, a beautiful golden yellow without a tinge of red.....	10
<i>Amoena</i> , magenta colored.....	10
<i>Amabilis</i> , magenta colored.....	10
<i>Brilliantissima</i>	15
<i>Magnifica</i> , very robust in growth.....	10
<i>Paronychiodes</i> , bronzed, tipped with red.....	10
<i>Aurea</i> , golden.....	10
<i>Spectabilis Versicolor Nana</i> , a distinct new variety.....	10
<i>Tricolor</i> , rose color.....	10
Best varieties for edging in May, \$3.00 per 100.....	
<i>Anthemis Coronaria</i> , fl. pl. (<i>Double Golden Marguerite</i>). This plant is a perfect mass of rich, golden yellow flowers the whole year round.....	20

	Each.		Each.
Aloysia Citriodora, Lemon Verbena.....	15	Iresine, Verschaffeltii, crimson stems and leaves.....	10
Asclepias Curassavica.....	20	Collensii, narrow leaves, veined carmine and yellow, bright coral stems.....	10
Browalia Elata Coerulea Major, a plant of compact growth, with rich blue flowers, fine for bedding or winter blooming in the greenhouse.....	10	Wallisii, reddish purple, with intense metallic green.....	10
Caladium Esculentum.....	10 cts. to 25	The above varieties of Iresine 75 cents per dozen each.....	
Centaurea Gymnocarpa, leaves of a down white, forming an admirable contrast with <i>Coleus</i> and other foliaged plants. \$1.00 per dozen.....	10	Lobelia Blue King, lovely blue.....	10
Argenta Plumosa, this variety has elegant silvery surfaced leaves, long and Fern-like. \$1.00 per dozen.....	10	Paxtonia, blue, with white eye.....	10
Babylonica, foliage silvery.....	10	Many beautiful varieties, each.....	10
Candidissima, fine white foliage. \$1.00 per doz.	10	Fine for suspended baskets, vases, etc.	
Clementei, of robust growth, rosette-like leaf clusters from the base, with white serrated leaves. \$1.00 per dozen.....	10	Nierembergia Frutescens, a beautiful dwarf bedding plant.....	10
Cineraria Maritima, silvery foliage.....	10	Gracilis, a very neat flowering plant.....	10
Maritima Candidissima, foliage and branches pure silvery white. 75 cts. per dozen.....	10	Nepeta glechoma, a pretty variegated trailing plant.....	10
Cuphea Platycentra, pretty for bedding out.....	10	Plumbago Capensis, a superb bedding plant.....	20
Hyssopifolia, dwarf, compact, flowers bright lilac.....	10	Lotus Jacobeus, a pretty plant with pea-shaped flowers, nearly black; good bedder.....	10

***\$10 COLLECTION.**

Embraces the collection of plants as in the \$15 collection, from Monthly Roses to Hydrangeas, inclusive.

***\$5 COLLECTION.**

Half the \$10 collection.

***PLANTS FREE BY MAIL.**

We have for some years forwarded plants in large numbers by mail to the most distant parts of the Union, as Texas, Utah and Pacific Coast with perfect success. All of which are properly labelled and carefully packed in boxes or oiled paper. The following plants will be sent by mail prepaid, our selection, at the prices annexed, or any new plant can be forwarded in the same way. No order for less than one dollar will be filled. This rule is necessary, as the mailing of one or two cheap plants will not compensate us, in the hurry of business, for the time and labor of packing, directing, pre-paying postage, etc.

Either of the following collections free by mail, for \$1.00.

- | | | |
|-----------------------------------|-------------------------------------|--|
| 10 Achyranthus, assorted. | 8 Centaurias. | 8 Gladiolus. |
| 10 Alternantheras, assorted. | 30 Cineraria Maritima Candidissima. | 6 Gloxinias, assorted. |

MILDRED.—“Now, Aunt Jane, you are too hard on me! How can you expect me to know exactly what to do? A girl does not get engaged every day, and when I ask mother, she always puts me off with ‘Go and ask your aunt.’”

AUNT JANE.—“Well, Mildred, I suppose I should not expect a girl of your age to be up on such matters; but certainly her mother ought to be. It happens that only a short time ago I was reading, in my infallible guide, an article on etiquette, entitled ‘Before and After the Marriage Engagement.’ I will lend the magazine to you, which will answer all your questions. And now that you are contemplating marriage, let me give you a little advice: do not start off, like your mother did, to always depend on others for her information. Your mother always says, ‘Go ask Aunt Jane; she knows everything.’ Well I am egotistical enough to admit that I can generally give information on almost any subject that comes up in the home circle, and yet I will tell you, candidly, that every bit of my household knowledge has been gained from reading **Demorest’s Monthly Magazine**. It covers absolutely every point interesting to a family, and without it I would be lost for answers to your numerous questions. Every mother should take it, and every girl like you who is contemplating starting a new home should put that down as the first requisite. May be you think my praise is too strong. Well, try for yourself. You say you want a pattern of that jacket I have just finished. Unfortunately mine is too large for you. I see that W. Jennings Demorest, Publisher of **Demorest’s Monthly Magazine**, is offering to send a specimen copy of the Magazine for ten cents. Send for one, and you will get your pattern for nothing; for each Magazine contains a ‘Pattern Order’ entitling the holder to the selection of any pattern in stock, and of any size manufactured. Don’t think by this that Demorest’s is a Fashion Magazine for it is not. Its fashion department is perfect, as are all its other departments; but James is as anxious for its arrival each month as I am myself. It is simply a **perfect Family Magazine** worth ten times the subscription price, which is only Two DOLLARS per year. If you are thinking of subscribing for a magazine for the coming year, before doing so, be sure and send ten cents for a specimen of **Demorest’s Monthly Magazine** before deciding. It is published at 15 E. 14th St., N. Y.”

I was awarded the following Premiums at the
Cincinnati Industrial Exposition.

SEPTEMBER, 1884—GLADIOLUS AND DAHLIAS.

And the following at a former Exposition:

FIRST PREMIUM—"BEST GROUP OF CROTONS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF CROTON."

FIRST PREMIUM—"BEST GROUP OF DRACÆNAS."

FIRST PREMIUM—"BEST GROUP OF MARANTAS."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF MARANTA."

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF DIEFFENBACHIA."

SECOND PREMIUM—"SECOND BEST GROUP OF VARIEGATED FOLIAGE PLANT."

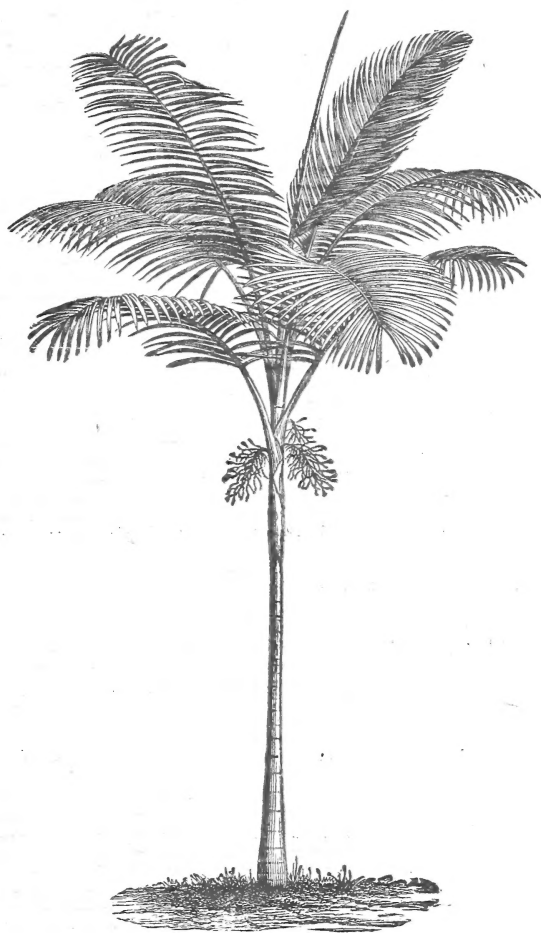

FIRST PREMIUM—"BEST SINGLE SPECIMEN OF VARIEGATED FOLIAGE PLANT."

SPECIAL PREMIUM—"FOR DAVALLIA MOOREANA."

I have also been Awarded for several years, leading Premiums by the MARYLAND HORTICULTURAL SOCIETY and DISTRICT OF COLUMBIA HORTICULTURAL SOCIETY for Dracænas, Crotons, Foliage Plants, Stove and Greenhouse Plants, Ferns, &c. In Cut Flowers, for Dahlias, Roses, Phloxes, Herbaceous Plants, &c.

At the NATIONAL FAIR ASSOCIATION, WASHINGTON, D. C., I have also been Awarded the leading Premiums.

SEAFORTHIA ELEGANS.

This is a most graceful Palm, eminently adapted for the decoration of the greenhouse and garden. It also makes a fine window plant; leaves are very long and gracefully arched, dark green, the whole plant perfectly smooth; a grand decorative plant.

Price per Plant, 50 cts., \$1.00 to \$3.50.
